The policy

# 1. The policy

This section introduces the contract, including the parties, the insurance cover provided and other important matters.

Some expressions and words used throughout these Policy Terms, as well as on the Policy Schedule, have a special meaning. These words and expressions are shown in **bold** type and are defined in:

- the glossary at the end of the section where they are used; or
- Special terms defined (see section 14); or
- Trauma conditions defined (see section 15), in the case of trauma conditions.

Unless the context requires otherwise, these expressions and words, wherever used, will have the special meaning given to them in this policy.

The expressions and words shown in inverted commas are defined in the cover section where the definition applies specifically to that section.

Headings appear in these Policy Terms as an aid to interpretation of the relevant section or provision.

## 1.1 Parties to the contract

### 1.1.1 Issuer

OneCare is issued by OnePath Life Limited (OnePath Life) (ABN 33 009 657 176 AFSL 238341). 'We', 'us' and 'our' are OnePath Life, the life insurance company issuing this policy.

### 1.1.2 Policy owner

'You' and 'your' refers to the policy owner and is the person or company named as the policy owner on the Policy Schedule.

The policy owner pays the premiums for the policy. We pay the policy owner or the nominated beneficiary (where a nomination has been made by the policy owner and accepted by us; see section 1.1.4) the amount insured and/or monthly amount insured (apart from the Superannuation Maintenance part of Priority Income if it applies; see section 6.7.4) if a claim is payable under this policy.

Where there is more than one policy owner, unless otherwise shown on the Policy Schedule, this policy shall be owned by them as joint tenants.

Where permitted by law, the policy owner may assign/transfer the ownership of the policy by completing a Memorandum of Transfer and registering the assignment with us. Failure to register the assignment with us may affect the rights of the new owner to claim under this policy. A Memorandum of Transfer form is available from us upon request.

### 1.1.3 Life insured

The 'life insured' is a person named as the life insured on the Policy Schedule and whose life is insured under this policy. In the case of Child Cover, it is the child insured under the policy.

There can be more than one life insured under this policy. The amount(s) insured and the type of cover(s) for each life insured are shown on the Policy Schedule.

### 1.1.4 Nominated beneficiary

A 'nominated beneficiary' is a person who has been nominated by the policy owner to receive part or all of the benefits payable in the event of the death of the life insured, in such proportions as is nominated by the policy owner and confirmed by us in writing to the policy owner.

A nominated beneficiary can be an individual, trust, company or charitable foundation.

If the sum of benefits payable to nominated beneficiaries under the policy is less than 100% of the total death benefits payable, the policy owner or the policy owner's estate will receive any balance (or proportion) of benefits under the policy in the event of the death of the life insured so that the total sum of death benefits payable equals 100%.

In the event that the nominated beneficiary is a trust, company or charitable foundation, and that entity no longer exists, the policy owner or the policy owner's estate will receive any balance (or proportion) of benefits under the policy in the event of the death of the life insured so that the total sum of death benefits payable equals 100%.

A nomination will be cancelled if the ownership of the policy is transferred to a new policy owner by assignment. If a nominated beneficiary predeceases the policy owner, we will pay the deceased nominated beneficiary's proportion of death benefits to the policy owner or the policy owner's estate.

## 1.2 Policy Terms

These Policy Terms set out the standard terms for OneCare policies.

This wording is not a legal contract of insurance with us unless:

- we accept your application and issue a Policy Schedule
- you have paid and continue to pay the premium by the due dates.

## 1.3 Policy Schedule

The Policy Schedule forms part of this policy and confirms the cover that applies to each life insured. It contains important details about the insurance, including details of the choices you have made in relation to each cover. For example:

- the amount insured for each cover
- the benefit payment type which applies to the amount insured
- the premium type that applies to each cover
- any additional options that apply to each cover
- any special conditions that apply, including any premium loadings and/or exclusions.

We agree to pay the benefits for the cover(s) shown for each life insured on the Policy Schedule to the policy owner or the nominated beneficiary in the circumstances specified in this policy.

Benefits payable are subject to the limitations, reductions and exclusions for the cover(s) you have selected, as described in these Policy Terms, and any special conditions set out on the Policy Schedule.

The cover(s) which applies to a life insured commences on the cover start date and expires on the cover expiry date as shown on the Policy Schedule for that life insured, unless cover ends earlier as set out in these Policy Terms.

## 1.4 Premium

You must pay the premium to keep the policy in force (see sections 12.1 and 12.7). If the premium has not been paid in full for each life insured, we do not have to pay any benefits under the policy for any lives insured and we may cancel the policy for all lives insured.

If the policy insures more than one person or provides more than one type of cover and a claim becomes payable in respect of one of them, subject to the conditions on when this policy ends set out in section 1.8 and the conditions for benefit reductions set out in each cover section, the policy will continue to insure the remaining person(s) and cover(s) for which the amount(s) insured has not become payable under

the policy. The premium must continue to be paid for the remaining life/lives insured and the remaining cover(s).

All premiums payable under this policy shall be paid in Australian currency.

## 1.5 Cooling-off period

This policy, or individual covers under the policy, may be cancelled without financial penalty within 28 days from the date we issue the Policy Schedule, confirming our acceptance of your application.

You may cancel the policy, or individual covers under the policy, during the cooling-off period by giving us notice in writing and returning the Policy Schedule. If you do this, we will cancel the policy or the individual covers as requested, and will refund any money paid in relation to the policy or the individual covers (except any amounts of taxation or government charges which we are unable to recover).

You cannot exercise the right to cancel the policy, or individual covers under the policy, at any time after you have made a claim for benefits under the policy.

## 1.6 No surrender value

This policy provides insurance cover only. The covers under this policy do not include an investment income or accruals from the investment of your premium. The policy has no surrender value.

## 1.7 Continuing cover

You may continue the policy each year upon payment of the premium, regardless of changes to the health, occupation or pastimes of each life insured.

The first policy anniversary date is 12 months after the policy start date (which is shown on the Policy Schedule).

## 1.8 When this policy ends

This policy will end on the earlier of the:

- date we receive written notification from you to cancel the policy
- date we cancel and/or avoid the policy in accordance with our legal rights
- date we cancel and/or avoid the policy because you have not paid the premium when due
- ending of all covers for all lives insured under the policy (the circumstances in which each cover will end are set out in each cover section in these Policy Terms)
- date of the death of the last life insured under the policy.

## 1.9 Worldwide cover

The policy provides worldwide insurance cover 24 hours a day.

## 1.10 Guaranteed upgrade of benefits

If we improve any of the features or benefits available under OneCare in the future, we will automatically apply those improvements to this policy where they do not result in an increase to premium rates. The improvements will apply only to future claims and not to past or current claims, or any claims arising from conditions which first occur, are first diagnosed, or for which symptoms first become **reasonably apparent**, before the effective date of those improvements. If certain exclusions were noted on your Policy Schedule previously, these continue to apply.

## 1.11 Replacement of insurance issued by another insurer

If we issue this policy, or a cover under this policy, on the condition that it replaces insurance issued by another insurer and the insurance being replaced is not cancelled, the amount of any benefits paid under this policy will be reduced by any benefits payable under the insurance being replaced.

## 1.12 Statutory funds

Premiums for this policy will be placed in our Statutory Fund No.1 and any claims paid under this policy will be paid from this fund.

We reserve the right to transfer all or any policies to any new or existing statutory fund or sub-fund in that statutory fund with the permission of the appropriate prudential regulator (if necessary).

## 1.13 Australian law and courts

This policy is governed by the law that applies within the state of New South Wales.

## 1.14 Claim payments

All amounts payable under this policy shall be paid in Australian currency in Australia.

We may delay or withhold paying a benefit under OneCare where doing so may breach any laws or regulations in Australia including any sanctions regulations. You must provide all information to OnePath Life which OnePath Life reasonably requires in order to manage its money-laundering, terrorism-financing or economic and trade sanctions regulations.

### 2.1 Life Cover amount insured and benefit payment type

The benefit payment types which may apply are described below:

#### Lump sum benefit payment type

If the lump sum benefit payment type applies, the Life Cover amount insured is the amount for which we agree to cover the life insured. In the event of a claim, we will pay this amount, or a part of this amount (see section 2.2.3), as a single lump sum payment.

#### Instalment benefit payment type

If an instalment benefit payment type applies, the Life Cover amount insured is the instalment amount for which we agree to cover the life insured. In the event of a claim, we will pay this amount monthly in arrears from the date the entitlement arises under the cover for the duration of the selected instalment term.

##### • Fixed term instalment benefit payment type

If a fixed term instalment benefit payment type applies, we will pay the instalment amount insured for the fixed term period in years as shown on the Policy Schedule.

We may agree to change the benefit payment type upon request.

You cannot change the benefit payment type at the time of a claim or at any time when you are entitled to make a claim.

### 2.2 Life Cover built-in benefits and features

#### 2.2.1 Death Benefit

If the life insured dies while their Life Cover is in force, we will pay the Life Cover amount insured by the benefit payment type which applies.

#### 2.2.2 Terminal Illness Benefit

If the life insured is diagnosed with a **terminal illness** while their Life Cover is in force, we will pay the Life Cover amount insured by the benefit payment type which applies.

#### 2.2.3 Advance Assistance Benefit

If the lump sum benefit payment type applies and the Life Cover amount insured is greater than \$25,000 at the time a claim is made, we will pay an advance payment of \$25,000 of the Life Cover amount insured upon receipt of the life insured's full Australian death certificate or other evidence satisfactory to us showing the cause of death.

If an instalment benefit payment type applies you can request we pay an advance lump sum of three times the instalment amount upon receipt of the life insured's full Australian death certificate or other evidence satisfactory to us showing the cause of death.

If we provide an Advance Assistance Benefit or an equivalent benefit in respect of the life insured under more than one policy issued by us, the maximum we will pay for all these benefits under all such policies will be \$25,000. The remaining balance of the Life Cover amount insured will be payable after the assessment of the claim is completed if we accept the claim.

This benefit is not payable if the life insured dies as a result of anything excluded under this cover (see section 2.4). Payment of this benefit is not an admission of our liability in respect of the Life Cover claim on the life insured's life. We will continue to undertake our normal claim assessment procedures after any payment of this benefit.

We reserve the right to recover the amount of the Advance Assistance Benefit already paid if the Life Cover claim is subsequently denied.

### 2.2.4 Financial Advice Benefit

If we pay the Life Cover amount insured for death or **terminal illness**, we will also reimburse the costs associated with the preparation of a financial plan by a financial adviser for the person to whom we paid the Life Cover amount insured.

The following conditions apply to the Financial Advice Benefit:

- The maximum total amount payable under this benefit is \$2,000.
- Where the Life Cover amount insured is paid to multiple persons, the maximum amount of \$2,000 will be divided between them in the same proportions that applied to the payment of the Life Cover amount insured.
- This benefit is only payable for the reimbursement of fees actually paid to the financial adviser for the preparation of the financial plan where the fees were paid by the person(s) to whom we paid the Life Cover amount insured. It does not apply to any commissions which may be received by the financial adviser as a result of decisions to implement recommendations made in the financial plan.
- We must receive evidence which is acceptable to us of the financial planning advice received before this benefit is payable, and this evidence must be received within 12 months of the payment of the Life Cover amount insured or us beginning to pay the instalment amount insured.
- This benefit is not payable in relation to the Advance Assistance Benefit, or if we have previously paid a Financial Advice Benefit under TPD Cover or Trauma Cover.
- The financial adviser who provides the financial plan must be an Australian Financial Services Licensee or an Authorised Representative of an Australian Financial Services Licensee.
- This benefit will only be paid once per life insured across all policies issued by us in respect of that life insured.

### 2.2.5 Accommodation Benefit

If we pay a Terminal Illness Benefit under Life Cover for a life insured, and a **medical practitioner** certifies that the life insured must remain confined to bed due to the **terminal illness** for which we paid the claim and:

- the life insured is more than 100 kilometres from their **home** and an **immediate family member** is required to travel from their **home** to be with the life insured; or
- an **immediate family member** is required to travel more than 100 kilometres from their **home** to be with the life insured;

we will reimburse the accommodation costs of the life insured's **immediate family member** up to a maximum of \$500 per day for each day while the life insured remains confined to bed and their **immediate family member** remains away from their **home**.

The reimbursement of accommodation costs must be claimed within six weeks of the Terminal Illness Benefit under Life Cover being paid. We must receive evidence which is acceptable to us of the life insured's confinement to bed and of payment of the accommodation costs.

This benefit is payable for a maximum of 30 days.

### 2.2.6 Orphan Benefit

The following benefit is only available to this cover from the third policy anniversary of the cover start date.

If the life insured and their **spouse** suffer an **accidental death** as a result of the same accident and they are survived by one or more **dependant child(ren)** we will pay an additional \$10,000 for each **dependant child** subject to a maximum benefit amount of \$30,000 with respect to any one (1) family.

### 2.2.7 Serious Disability Premium Waiver

If prior to the policy anniversary when the life insured is age 65, the life insured suffers an **illness** or **injury** that results in the life insured being permanently unable to perform at least two of the **activities of daily living** without the physical assistance of another adult person, we will waive the premiums for the life insured until the earlier of:

- two years' premiums having been waived; or
- the date cover ends under the policy.

Indexation increases will continue to apply to covers for which premiums are being waived.

We will not waive premiums for Life Cover provided under Life Cover Buy Back or the Life Cover Purchase Option.

## 2.3 Life Cover benefit reductions

The Life Cover lump sum (or instalment) amount insured will be reduced by any amount we pay (or begin to pay) under this policy for:

- the Advance Assistance Benefit; or
- TPD Cover where it is an option to Life Cover; or
- Trauma Cover where it is an option to Life Cover.

## 2.4 Life Cover exclusions

We will not pay any benefits under Life Cover:

- for anything we have specifically excluded from this cover, as shown on the Policy Schedule; or
- if, as a result of the life insured's intentional act or omission, the life insured dies during the first 13 months from:
  - the cover start date; or
  - the date we increase this cover at the request of the policy owner (not including any indexation increases). The exclusion applies only to the amount of the increase to the cover; or
  - the date we agree to reinstate the cover after it has been cancelled; or
  - the date of the start of any cover bought back under Life Cover Buy Back or purchased under the Life Cover Purchase Option. The exclusion applies only to the amount of Life Cover bought back or purchased.

This exclusion will not apply to that part of the amount insured which replaces similar insurance under a policy issued by us or another insurer if:

- the insurance under the policy to be replaced has been in force for a minimum of 13 consecutive months immediately prior to the cover start date of this cover; and
- the policy to be replaced is cancelled immediately after the issue of this cover; and
- all similar exclusions have expired under the policy to be replaced (including exclusions which were applied to the policy after its commencement due to, for example, reinstatements or increases); and
- no claim is payable or pending under the policy to be replaced.

Where the Life Cover amount insured under this policy exceeds that of the policy to be replaced, this exclusion will apply to the excess.

## 2.5 When Life Cover ends

Life Cover for a life insured will end and our liability to pay any benefit under Life Cover will cease automatically on the earlier of the:

- date we pay (or begin to pay) the full Life Cover lump sum (or instalment) amount insured
- cover expiry date shown on the Policy Schedule (if applicable)
- date we receive written notification from you to cancel the cover
- date we cancel and/or avoid the cover in accordance with our legal rights
- date we cancel and/or avoid the policy because you have not paid the premium when due
- date the Life Cover is reduced to zero as a result of payment of a TPD or Trauma benefit under this policy or a linked policy under a SuperLink arrangement
- the date of the life insured's death.

## 3.1 TPD Cover amount insured and benefit payment type

The benefit payment types which may apply are described below:

### Lump sum benefit payment type

If the lump sum benefit payment type applies, the TPD Cover amount insured is the amount for which we agree to cover the life insured. In the event of a claim, we will pay this amount, or a part of this amount (see section 3.2.1.4), as a single lump sum payment.

### Instalment benefit payment type

If an instalment benefit payment type applies, the TPD Cover amount insured is the instalment amount for which we agree to cover the life insured. In the event of a claim, we will pay this amount, or part of this amount (see section 3.2.1.4), monthly in arrears from the date the entitlement arises under the cover for the duration of the selected instalment term.

#### • Fixed term instalment benefit payment type

If a fixed term instalment benefit payment type applies, we will pay the instalment amount insured for the fixed term period in years as shown on the Policy Schedule.

We may agree to change the benefit payment type upon request.

You cannot change the benefit payment type at the time of a claim or at any time when you are entitled to make a claim.

### 3.1.2 SuperLink arrangements

In this policy, a SuperLink TPD arrangement refers to an arrangement under which the life insured's TPD Cover under this policy is 'linked' to their TPD Cover under a OneCare policy held through superannuation. Each policy will have a different TPD definition. This policy will have an Own Occupation definition, known as SuperLink SIS Own Occupation and the other policy will have an Any Occupation definition known as SuperLink SIS Any Occupation.

The two TPD Covers under the SuperLink arrangement will be issued as two separate policies but will in effect operate as if all linked covers are provided under the one policy, which means that a claim on one cover will reduce the other.

The Policy Schedule will show if the policy in respect of a life insured is linked to another policy under a SuperLink arrangement.

To determine if a TPD benefit is payable for cover under a SuperLink arrangement, the life insured will first be assessed under the policy containing the SuperLink SIS Any Occupation definition. If no benefit is payable in respect of the life insured under the other policy containing the SuperLink SIS Any Occupation definition, they will then be assessed under this policy containing the SuperLink SIS Own Occupation definition to determine if a benefit is payable.

## 3.2 TPD Cover built-in benefits

### 3.2.1 TPD Benefit

If the life insured suffers total and permanent disability while their TPD Cover is in force and satisfies the conditions of the TPD definition which applies (as shown on the Policy Schedule and defined in section 3.2.1.2), we will pay the full TPD Cover amount insured by the benefit payment type which applies.

If the definition on the Policy Schedule in respect to the life insured is SuperLink SIS Own Occupation, 'Own Occupation' or 'Any Occupation' and the life insured satisfies either the 'Loss of limbs and/or sight' or 'Loss of independent existence' or 'Cognitive loss' elements of the definition, then the amount paid will be increased. The amount of the increase will depend on the period of time you have had your cover. The amount of the increase will be:

- 5% after the 2nd policy anniversary;
- 7.5% after the 3rd policy anniversary;
- 10% after the 5th policy anniversary.

This increase is not available when the TPD amount insured in respect of the life insured is \$5,000,000 or greater at the date of disablement.

If the life insured suffers a 'specific loss' while their TPD Cover is in force, we will pay a partial amount of the TPD Cover amount insured by the benefit payment type which applies (see section 3.2.1.4).

If stand alone TPD Cover or TPD Cover as an option to Trauma Cover applies, the life insured must also satisfy the survival period stated for the relevant TPD definition for a TPD Benefit to be paid (see section 3.2.1.2).

#### 3.2.1.1 Maximum amounts

The maximum lump sum amount of TPD Cover for the life insured that can be applied for depends on the TPD definition(s) that applies, as follows:

- Any Occupation and/or the Own Occupation TPD definitions – \$5,000,000
- SuperLink SIS Own Occupation TPD definition – \$5,000,000
- Home-maker TPD definition – \$2,000,000
- Non-working TPD definition – \$5,000,000

- Business TPD definition - \$10,000,000 (this amount is the maximum TPD Cover available in OneCare)

or if an instalment benefit type applies, an **equivalent instalment amount**.

The maximum lump sum amount we will pay for TPD Cover where the life insured is age 65 or older is \$3,000,000 across all

OnePath Life TPD policies, or if an instalment benefit payment type applies, an **equivalent instalment amount**. If the TPD amount insured is greater than \$3,000,000, the cover will automatically reduce to \$3,000,000 at age 65 (see section 3.8).

The amount insured will be adjusted by increases under indexation if applicable (see section 11.1).

#### 3.2.1.2 TPD definitions

The terms 'totally and permanently disabled', 'total and permanent disability' and 'TPD' have the same special meaning under this policy. The meaning applying to the life insured will depend on the selection made by you and accepted by us and the age of the life insured. The Non-working TPD definition applies to amounts insured in excess of \$1,000,000 from the policy anniversary when the life insured is age 65 and to all TPD Cover from the policy anniversary when the life insured is age 70 (see section 3.8).

The life insured must also satisfy the following survival periods for a TPD Benefit to be paid. This means the life insured must survive without life support for the relevant survival period after the date the life insured satisfies the TPD definition.

TPD definition	Part(s) of the definition to which the survival period applies	Survival period starts the date the life insured satisfies the TPD definition

**(Only available where TPD Cover is selected as an option to Life Cover as shown on the Policy Schedule.)**

If we pay (or begin to pay) the full TPD Cover lump sum (or instalment) amount insured for a life insured and the life insured survives the relevant survival period (as outlined in the table on page 21) without life support, we will reinstate the Life Cover amount insured which was reduced by the payment of the TPD Benefit.

TPD definition	Part(s) of the definition to which the survival period applies	Survival period starts the date the life insured satisfies the TPD definition
Any Occupation, Own Occupation and Home-maker	1 and 5	0 days
	2, 3 and 4	8 days
Non-working	3	0 days
	1 and 2	8 days
SuperLink SIS Own Occupation	1 and 5	0 days
	2, 3 and 4	8 days

We will waive premiums for the reinstated Life Cover from the date we pay (or begin to pay) the full TPD Cover lump sum (or instalment) amount insured until the life insured dies.

Indexation, Future Insurability and Business Guarantee Option increases are not available in relation to the reinstated Life Cover.

We will not reinstate Life Cover under the Double TPD Option if:

- a benefit for **terminal illness** has been previously paid for the life insured; or
- we pay (or begin to pay) only a part of the TPD Cover lump sum (or instalment) amount insured (including a partial payment for specific loss). However, if we subsequently pay (or begin to pay) the full balance of the TPD Cover amount insured, we will reinstate the Life Cover up to the TPD Cover amount insured.

The Double TPD Option expires at the policy anniversary when the life insured is age 65.

### 3.5.2 Life Cover Purchase Option

**(Only available with stand alone TPD Cover or TPD Cover as an option to Trauma Cover as shown on the Policy Schedule.)**

If we pay (or begin to pay) the full TPD Cover lump sum (or instalment) amount insured for a life insured under this policy, you can purchase Life Cover for that life insured up to the amount of the TPD Benefit we paid (or are paying), on the following basis:

- We will offer the Life Cover Purchase Option 12 months after the later of:
  - the date we received your fully completed claim form; or
  - the date you satisfied the conditions of the TPD definition.
- We must receive written acceptance from you within 30 days of the offer being made.
- The premium for the new Life Cover will be calculated based on the premium rates applying to Life Cover at the time you choose to exercise this option. We may apply any medical, occupational or pastime loadings, or any other loadings that applied to the original TPD Cover.
- Any exclusions which applied under the original TPD Cover may also apply to the new Life Cover.
- Future Insurability and Business Guarantee Option increases are not available in relation to the new Life Cover.

You cannot exercise the Life Cover Purchase Option:

- if a benefit for **terminal illness** has been previously paid for the life insured; or
- if we pay (or begin to pay) only a part of the TPD Cover lump sum (or instalment) amount insured (including a partial payment for specific loss). However, if we subsequently pay (or begin to pay) the full balance of the TPD Cover lump sum (or instalment) amount insured, you can exercise Life Cover Purchase Option in relation to the total of the TPD Benefits paid.

The Life Cover Purchase Option can only be exercised once.

## 3.6 TPD Cover exclusions

We will not pay any benefits under TPD Cover for:

- anything we have specifically excluded from the policy, as shown on the Policy Schedule; or
- total and permanent disability or 'specific loss' which arises as a result of the life insured's intentional act or omission.

## 3.7 When TPD Cover ends

TPD Cover for a life insured will end and our liability to pay any benefit under TPD Cover will cease automatically on the earliest of the following:

- policy anniversary when the life insured is age 65 if the policy is part of a SuperLink arrangement
- policy anniversary when the life insured is age 100
- date we pay (or begin to pay) the full TPD Cover lump sum (or instalment) amount insured
- cover expiry date shown on the Policy Schedule
- date we receive written notification from you to cancel the cover
- date we cancel and/or avoid the cover in accordance with our legal rights
- date we cancel and/or avoid the policy because you have not paid the premium when due
- date of the life insured's death
- date that cover in respect of a life insured under the Linked Policy ends if the cover is part of a TPD SuperLink arrangement
- date that a TPD benefit is paid under this policy or the Linked Policy if by payment of that benefit the TPD Cover under this policy is reduced to zero
- date that a Trauma benefit is paid under this policy or the Linked Policy if by payment of that benefit the TPD cover under this policy is reduced to zero
- date that a TPD benefit is reduced to zero.

## 3.8 Auto Conversion

### 3.8.1 When the life insured is age 65

On the policy anniversary when the life insured is age 65, the TPD definition for the policy will automatically convert to the Non-working TPD definition. However, if the life insured is classed by us as occupationally white collar, you may apply to continue for up to \$1,000,000, or if an instalment benefit payment type applies, an **equivalent instalment amount** of their Any Occupation or Own Occupation TPD definition cover to age 70.

We must receive the application in writing within 30 days of the policy anniversary when the life insured is age 65, confirming the occupation that the life insured is engaged in.

If we accept your application we will confirm this in writing.

The TPD Cover amount insured will be the same unless the total of all cover for total and permanent disability for the life insured under all policies issued by us is more than \$3,000,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**. In this case, we only convert such an amount of TPD Cover that the total of all cover for total and permanent disability for the life insured under all policies issued by us is \$3,000,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**.

If TPD Cover is an option to Trauma Cover we will only convert that amount of TPD Cover in excess of Trauma Cover.

If any medical loadings or specific exclusions applied to the original TPD Cover, these will also be applied to the converted TPD Cover.

This section does not apply to a policy containing the SuperLink SIS Own Occupation definition.

### 3.8.1.1 When the life insured is age 65 and the policy is part of a TPD SuperLink arrangement

A SuperLink TPD arrangement ends on the policy anniversary when the member is age 65 and conditions contained in section 3.8.1 apply. The SuperLink SIS Any Occupation policy will automatically convert to the Non-working TPD definition. However, if the life insured is classed by us as occupationally white collar, they may apply to continue for up to \$1,000,000 of their SuperLink SIS Any Occupation cover as Any TPD definition cover to age 70.

### 3.8.1.2 When the life insured is age 65 and the TPD benefit is part of a SuperLink Trauma arrangement

For a policy which is part of a SuperLink Trauma arrangement:

- on the policy anniversary when the life insured is age 65, the TPD definition for the policy will automatically convert to the Non-working TPD definition for any amount of TPD Cover which is in excess of the SuperLink Trauma Cover amount, TPD cover equal to the SuperLink Trauma amount is not converted and ends
- if the life insured is classed by us as occupationally white collar, they may apply to continue for up to \$1,000,000 of their Any Occupation TPD or Own occupation TPD definition cover to age 70.
- we must receive an application in writing within 30 days of the policy anniversary when the life insured is age 65, confirming the occupation they are engaged in.

If we accept the application we will confirm this in writing. The total of all cover for total and permanent disability for the life insured under all policies issued by us cannot exceed \$3,000,000. If any medical loadings or specific exclusions applied to the original TPD Cover, these will also be applied to the converted TPD Cover.

### 3.8.2 When the life insured is age 70

On the policy anniversary when the life insured is age 70, the Any Occupation or Own Occupation TPD definition cover will automatically convert to the Non-working TPD definition.

### 4.1 Trauma Cover amount insured and benefit payment type

The benefit payment types which may apply are described as follows:

#### Lump sum benefit payment type

If the lump sum benefit payment type applies, the Trauma Cover amount insured is the amount for which we agree to cover the life insured. In the event of a claim, we will pay this amount, or a part of this amount (see section 4.2.1.4 and 4.2.1.5), as a single lump sum payment.

#### Instalment benefit payment type (Trauma Comprehensive only)

If an instalment benefit payment type applies, the Trauma Cover amount insured is the instalment amount for which we agree to cover the life insured. In the event of a claim, we will pay this amount, or a part of this amount (see section 4.2.1.4 and 4.2.1.5), monthly in arrears from the date the entitlement arises under the cover for the duration of the selected instalment term.

#### Fixed term instalment benefit payment type

If a fixed term instalment benefit payment type applies, we will pay the instalment amount insured for the fixed term period in years as shown on the Policy Schedule.

We may agree to change the benefit payment type upon request.

You cannot change the benefit payment type at the time of a claim or at any time when you are entitled to make a claim.

#### SuperLink Trauma

SuperLink Trauma refers to an arrangement in which a life insured is able to link Trauma Cover to either Life Cover and/or TPD Cover held inside Super. The linked policies can be either;

- a OneCare policy and a OneCare Super policy; or
- a OneCare policy and a OneCare External Master Trust policy; or
- where the policies are owned by a SMSF or small APRA fund, two OneCare policies will be issued.

Covers within the SuperLink arrangement will be issued as separate policies but will in effect operate as if the linked covers are provided under the one policy, which means that a claim on one cover will reduce all other covers.

## 4.2 Trauma Cover built-in benefits

### 4.2.1 Trauma Benefit

If one of the specified trauma conditions (listed in section 4.2.1.2 and defined in section 15) first occurs or is first diagnosed for a life insured, and symptoms leading to the trauma condition occurring or being diagnosed only first become **reasonably apparent** while the Trauma Cover for the life insured is in force, we will pay the full Trauma Cover amount insured (or a partial amount for some trauma conditions) by the benefit payment type which applies.

We require the diagnosis and certification of a trauma condition:

- by a **medical practitioner**; and
- agreed to by us.

For some trauma conditions the **medical practitioner** must be an appropriate specialist approved by us (see section 4.2.1.2).

If stand alone Trauma Cover, Trauma Cover with optional TPD Cover or Trauma SuperLink with TPD applies, the life insured must also satisfy an eight day survival period for a Trauma Benefit to be paid. This means the life insured must survive without life support for eight days after the date of occurrence or diagnosis of the trauma condition. This survival period is in addition to any time requirement which is specified within the definition of the trauma condition.

#### 4.2.1.1 Maximum amounts

The maximum lump sum amount of Trauma Cover for the life insured that can be applied for is \$2,000,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**.

The amount insured will be adjusted by increases under indexation if applicable (see section 11.1).

#### 4.2.1.2 Trauma conditions

If you have Trauma Cover, the life insured is covered for the specified trauma conditions below. The trauma conditions covered will depend on whether you have selected Trauma Comprehensive or Trauma Premier. The definitions for the trauma conditions can be found in section 15.

Trauma conditions marked with a:

- '\*' are subject to a 90 day qualifying period before cover commences (see section 4.2.1.3)
- '+' must be diagnosed and certified by a **medical practitioner** who is an appropriate specialist physician approved by us
- '‡' are subject to a partial payment of the Trauma Cover amount insured (see sections 4.2.1.4 and 4.2.1.5).

#### 4.2.1.3 90 day qualifying period

Unless this cover is replacing similar existing insurance, there is no cover and no benefit will be payable in respect of the trauma conditions marked with a '\*' if the trauma condition:

- first occurs; or
- is first diagnosed; or
- the symptoms leading to the trauma condition occurring, or being diagnosed, first become **reasonably apparent**

during the first 90 days after the date that OnePath Life receives:

- the complete application for Trauma Cover; or
- a written request for the reinstatement of Trauma Cover; or
- the complete application for an increase to the Trauma Cover amount insured (in respect of the increased portion only).

In addition, if the life insured suffers:

- a **heart attack (diagnosed)** or **stroke** during the 90 day qualifying period, we will not pay a Trauma Benefit for **heart attack (diagnosed)** or **stroke** at any time; or
- **cancer** during the 90 day qualifying period, we will not pay a Trauma Benefit for any other related occurrences of **cancer** or trauma conditions which result from that **cancer** at any time.

This qualifying period will not apply to that part of the Trauma Cover amount insured which replaces similar insurance under a policy issued by us or another insurer if:

- any similar qualifying period has expired for the same conditions or events in the policy to be replaced, (including qualifying periods which were applied to the policy after its commencement due to, for example, reinstatements or increases); and
- the policy to be replaced is cancelled immediately after the issue of this policy; and
- no claim is payable or pending under the policy to be replaced.

Where the Trauma Cover amount insured under this policy exceeds that of the policy to be replaced, the 90 day qualifying period will apply to the excess amount.

#### 4.2.1.4 Partial payment for angioplasty and heart surgery (minor)

The amount insured for **angioplasty** and **heart surgery (minor)** is 10% of the Trauma Cover amount insured at the time of the **angioplasty** or **heart surgery (minor)** procedure, subject to a minimum of \$10,000 and a maximum of \$20,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**.

The Trauma Cover amount insured is reduced by any payment for **angioplasty** and/or **heart surgery (minor)**.

We will only pay for multiple occurrences of **angioplasty** if:

- the first **angioplasty** procedure occurs, and the symptoms leading to the first **angioplasty** procedure only first become **reasonably apparent**, after the end of the 90 day qualifying period; and
- each subsequent **angioplasty** procedure occurs at least six months after the previous **angioplasty** procedure.

We will pay only once for **heart surgery (minor)**.

#### 4.2.1.5 Partial payment for additional Trauma Premier conditions

The amount insured for the additional trauma conditions covered under Trauma Premier and marked with a '+' is 20% of the Trauma Cover amount insured at the time the condition is diagnosed or occurs, subject to a minimum of \$10,000 and a maximum of \$100,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**.

The Trauma Cover amount insured is reduced by the amount paid for any of these trauma conditions and is payable only once for each condition except for **carcinoma in situ** where we will pay once for each site. We will pay multiple claims under these additional Trauma Premier conditions, subject to the condition that the cumulative total of all claims paid does not exceed the Trauma Cover amount insured, but we will only ever pay one claim for each trauma condition.

#### 4.2.2 Limited Death Benefit

**(Only available with stand alone Trauma Cover or Trauma Cover with optional TPD Cover.)**

If the life insured dies while stand alone Trauma Cover or Trauma Cover with optional TPD Cover for that life insured is in force, and they do not qualify for the payment of a Trauma Benefit, we will pay a Limited Death Benefit of \$10,000.

We will pay this benefit only once across all policies.

Does not apply if Trauma is in a SuperLink arrangement with TPD.

### 4.2.3 Financial Advice Benefit

If we pay (or begin to pay) the full Trauma Cover amount insured, we will also reimburse the costs associated with the preparation of a financial plan by a financial adviser for the person to whom we paid the Trauma Benefit.

The following conditions apply to the Financial Advice Benefit:

- The maximum total amount payable under this benefit is \$2,000.
- This benefit is only payable for the reimbursement of fees actually paid to the financial adviser for the preparation of the financial plan where the fees were paid by the person(s) to whom we paid the Trauma Cover amount insured. It does not apply to any commissions which may be received by the financial adviser as a result of any decisions to implement recommendation made in the financial plan.
- We must receive evidence which is acceptable to us of the financial planning advice received before this benefit is payable, and must be received within 12 months of the payment of the full Trauma Cover amount insured or us beginning to pay the instalment amount insured.
- This benefit is not payable in relation to a partial payment of the Trauma Cover amount insured or the Limited Death Benefit, or if we have previously paid a Financial Advice Benefit under Life Cover or TPD Cover.
- The financial adviser who provides the financial plan must be an Australian Financial Services Licensee or an Authorised Representative of an Australian Financial Services Licensee.
- This benefit will only be paid once per life insured across all policies issued by us in respect of that life insured.

### 4.2.4 Accommodation Benefit

If we pay the full Trauma Cover amount insured for a life insured and a **medical practitioner** certifies that the life insured must remain confined to bed due to the trauma condition for which we paid the Trauma Benefit and:

- the life insured is more than 100 kilometres from their **home** and an **immediate family member** is required to travel from their **home** to be with the life insured; or
- an **immediate family member** is required to travel more than 100 kilometres from their **home** to be with the life insured;

we will reimburse the accommodation costs of the life insured's **immediate family member** up to a maximum of \$500 per day for each day while the life insured remains confined to bed and their **immediate family member** remains away from their **home**.

The reimbursement of accommodation costs must be claimed within six weeks of the Trauma Benefit being paid. We must receive evidence which is acceptable to us of the life insured's confinement to bed and of the payment of the accommodation costs.

This benefit is payable for a maximum of 30 days.

## 4.3 Trauma Cover benefit reductions

The Trauma Cover amount insured may be reduced if we pay other benefits for that life insured under this policy. The Trauma Cover amount insured will be reduced in the following situations:

- If both TPD Cover and Trauma Cover apply as options to Life Cover for a life insured, the Trauma Cover lump sum (or instalment) amount insured is reduced by any amount we pay (or begin to pay) for that life insured under this policy for the:
  - Terminal Illness Benefit under Life Cover
  - TPD Benefit under TPD Cover
  - Trauma Benefit under Trauma Cover.
- If Trauma Cover only applies as an option to Life Cover for a life insured, the Trauma Cover lump sum (or instalment) amount insured is reduced by any amount we pay (or begin to pay) for that life insured under this policy for the:
  - Terminal Illness Benefit under Life Cover
  - Trauma Benefit under Trauma Cover.
- If Trauma Cover with optional TPD Cover applies for a life insured, the Trauma Cover lump sum (or instalment) amount insured is reduced by any amount we pay (or begin to pay) for that life insured under this policy for the:
  - TPD Benefit under TPD Cover
  - Trauma Benefit under Trauma Cover.
- If stand alone Trauma Cover applies for a life insured, the Trauma Cover lump sum (or instalment) amount insured is only reduced by a partial payment for a Trauma Benefit.

In addition, if a SuperLink arrangement applies for the life insured, any benefit amount paid in respect of a life insured under the Linked Policy will reduce the Trauma amount insured under this Policy by the same amount (including):

- payment of the TPD Benefit under TPD Cover with the SuperLink SIS Own Occupation definition, SuperLink SIS Any Occupation definition, Super Any Occupation definition or Super Home-maker definition in the other Linked Policy (if applicable)
- payment of the Terminal Illness Benefit under Life Cover (if applicable).

- TPD Cover is an option to the Trauma Cover, in which case we only convert that amount of Trauma Cover in excess of the optional TPD Cover; or
- the Trauma Cover is an option to Life Cover, in which case we only convert that amount of Trauma Cover in excess of any TPD Cover as an option to Life Cover; or
- the total of all cover for trauma and total and permanent disability for the life insured under all policies issued by us is more than \$3,000,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**. ## 5.2 Business Guarantee Option

**(This option only applies to cover for a life insured if it is shown on the Policy Schedule. This is not available for Extra Care Cover.)**

Where a cover for a life insured is selected for a 'business insurance purpose' of which we approve, this option allows you to increase the amount insured for that cover without supplying medical evidence, when the value associated with the business insurance purpose increases and if the following conditions are met:

- Each proposed increase under this option must relate to the business insurance purpose that we originally approved.
- Each individual increase under this option can be for an amount no greater than the increase in the value associated with the business insurance purpose (where the value associated with the business insurance purpose at the time you apply for the increase is calculated using the same methodology as was used to calculate the value associated with the business insurance purpose upon which the original application for this option was based).
- The total to which the amount insured can be increased under this option is the lesser of:
  - three times the original amount insured; or
  - the following lump sum amounts, or if an instalment benefit payment type applies, an **equivalent instalment amount**:
    - Life Cover – \$15,000,000
    - TPD Cover – \$5,000,000 (amounts in excess of \$3,000,000 are to be purchased as Non-working TPD except for white collar occupations)
    - Trauma Cover – \$2,000,000.

If more than three years have passed since the commencement of this option and an increase in cover under this option has not occurred in the previous three years, the maximum individual increase under this option is the lesser of:

- three times the original amount insured; or
- the following lump sum amounts, or if an instalment benefit payment type applies, an **equivalent instalment amount**:
  - Life Cover – \$2,000,000
  - TPD Cover – \$2,000,000
  - Trauma Cover – \$2,000,000.
- We will not increase the amount insured for any cover under this option above the maximum amount of cover available for that cover type (see sections 3.2.1.1 and 4.2.1.1).

- If the amount insured at the cover start date is less than 100% of the value associated with the business insurance purpose, then we will limit any future increase made under this option. The amount insured, as a proportion of the value associated with the business insurance purpose, cannot increase above that which applied at the cover start date.
  - The application for the increase must be accompanied by:
    - for 'buy/sell', share purchase or business succession purposes:
      - a current valuation of the business provided by a qualified accountant or business valuer (who is the same person or firm who provided us with financial evidence of the value associated with the business insurance purpose for the purposes of our assessment of the original application for this option or such other person or firm agreed to by us, using the same methodology)
    - for loan guarantee insurance purposes:
      - a current loan statement or agreement detailing the loan balance and terms of the loan at the time of the increase application
    - for key person insurance purposes:
      - current business financial statements and income tax returns for the most recent financial years and a calculation of how key person cover need has been determined
- as well as
- a confirmation that the life insured is actively at work in their usual occupation at the time you apply for the increase
  - any other information, other than medical evidence, we may request to assess the application.
- You have not applied for an increase under Future Insurability (see section 5.1) for the same event(s).
  - At the time of applying for the increase, neither you nor anyone else has made or is entitled to make a claim in relation to the life insured under this policy or any other policy issued by us providing cover for death, **terminal illness**, total and permanent disability or trauma.

You may only apply for one increase under this option in any 12 month period.

You may only remove this option from a cover if an increase has not been made under the option since the cover start date.

'Business insurance purposes' includes key person insurance, loan guarantee insurance, insurance which supports a written business succession agreement including buy/sell or share purchase agreements, or any other business insurance purposes which we may approve.

A life insured is a 'key person' to a business if they are crucial to the operation of the business and it can be reasonably demonstrated to us that the business would suffer a financial loss in the event of the life insured's death or disability. In the context of key person insurance 'the value associated with the business insurance purpose' means the value of the life insured to the business.

In the context of 'loan guarantee insurance', 'the value associated with the business insurance purpose' means the amount of the business loan for which the life insured is personally responsible.

'Business succession agreement' means a legally binding agreement between business partners under which the life insured's share of the business is to be purchased by the other partner(s) upon the occurrence of defined events. In this context 'the value associated with the business insurance purpose' means the value of the life insured's financial interest in the business.

## 5.3 Premium Waiver Disability Option

**(This option only applies to a cover for a life insured if it is shown on the Policy Schedule.)**

We will waive premiums for a life insured from the date they became disabled in relation to Life Cover, TPD Cover, Trauma Cover and/or Extra Care Cover (as applicable) while that life insured is:

- **on claim** under Income Secure Cover, Business Expense Cover or Living Expense Cover up until the policy anniversary when the life insured is age 65; or
- 'disabled' after having been disabled for six consecutive months up until the policy anniversary when the life insured is age 65.

If we waive a premium under this option we will also waive the premium that relates to:

- the waiting period under Income Secure Cover, Business Expenses or Living Expenses; or
- the first six consecutive months of the life insured's disability.

Indexation increases will continue to apply to covers for which premiums are being waived, and premiums which relate to any indexation increases will be waived.

If we are waiving premiums for all covers under a policy for a life insured, we will also waive premiums for any Child Cover under the same policy.

Any premium owing for any period before entitlement to premium waiver commences must be paid before we will waive premiums.

We will not waive premiums for:

- Life Cover provided under Life Cover Buy Back or the Life Cover Purchase Option; or
- Trauma Cover provided under the Trauma Cover Reinstatement Option.

The Premium Waiver Disability Option expires on the policy anniversary when the life insured is age 65.

'Disabled' means that, as a result of **illness** or **injury**, the life insured:

- has been unable to engage in any occupation for which they are reasonably suited by their education, training or experience (if the life insured was engaged in paid **employment** prior to disablement); or
- has been under the care of a **medical practitioner** and has been unable to perform 'normal domestic duties', leave their **home** unaided, or engage in any occupation for which they are reasonably suited by their education, training or experience (if the life insured was not engaged in paid **employment** prior to disablement).

'Normal domestic duties' means the tasks performed by a person whose sole occupation is to maintain their family **home**. These tasks include unassisted cleaning of the **home**, cooking of meals for their family, doing their family's laundry, shopping for their family's food and taking care of **dependant children** (where applicable). 'Normal domestic duties' does not include duties performed outside the life insured's **home** for salary, reward or profit.

## 5.4 Value Protector Option

**(This option only applies to a cover for a life insured if it is shown on the Policy Schedule.)**

The Value Protector Option may only be selected where the benefit payment type is a fixed term instalment.

While **on claim**, the monthly instalment amount will increase each year on your claim anniversary by 3%.

## 6.1 Monthly amount insured

The monthly amount insured is determined by reference to the life insured's annual income. The maximum that can be insured is  $\frac{1}{12}$  of:

- 75% of the first \$320,000 of annual income; and
- 50% of the next \$240,000 of annual income; and
- 20% of the balance.

If the Priority Income Option (see section 6.7.4) is shown on the Policy Schedule the maximum that can be insured is  $\frac{1}{12}$  of:

- 80% of the first \$320,000 of annual income; and
- 55% of the next \$240,000 of annual income; and
- 20% of the balance.

The monthly amount insured shown on the Policy Schedule may be used to calculate:

- the Total Disability Benefit (see section 6.5.1); and
- the Partial Disability Benefit (see section 6.5.2); and
- other built-in benefits, built-in features and options (at extra cost) applicable to the type of Income Secure Cover selected.

The monthly amount insured will be adjusted by increases under indexation if applicable (see section 11.1).

## 6.2 Monthly amount insured payable

The monthly amount insured payable may be used to determine the monthly amount you will be paid under the benefits provided by this cover while the life insured is **on claim**.

The monthly amount insured payable depends on the benefit payment type (i.e. Guaranteed or Indemnity) that you have selected. The Policy Schedule will show whether you have selected a guaranteed or indemnity benefit payment type. These benefit payment types are described below.

### 6.2.1 Guaranteed benefit payment type

#### 6.2.1.1 Financial evidence provided and confirmed

This guaranteed benefit payment type applies if you have provided proof and we have confirmed the life insured's **pre-application income**. The monthly amount insured payable is the monthly amount insured shown on the Policy Schedule, adjusted as follows:

- If the life insured is **on claim** and receives certain other payments, the monthly amount insured payable may be reduced (see section 6.9).
- If the life insured is **on claim**, the monthly amount insured payable may be increased under the Increasing Claim Option, if shown on the Policy Schedule (see section 6.7.3).

If you have provided proof of **pre-application income** and we have confirmed this, we guarantee that in the event of a claim we will not review or reassess the monthly amount insured shown on the Policy Schedule.

#### 6.2.1.2 Financial evidence not provided or confirmed

Where proof of **pre-application income** has not been provided or confirmed by us, this will be noted on your Policy Schedule. The monthly amount insured shown on your Policy Schedule is not guaranteed and the monthly amount insured payable will be the lesser of:

- the monthly amount insured shown in the Policy Schedule; and
- 75% of the life insured's average monthly **pre-application income** (or 80% if the Priority Income Option is shown on the Policy Schedule).

This monthly amount insured payable will also be adjusted as follows:

- If the life insured is **on claim** and receives certain other payments, the monthly amount insured payable may be reduced (see section 6.9).
- If the life insured is **on claim**, the monthly amount insured payable may be increased under the Increasing Claim Option, if shown on the Policy Schedule (see section 6.7.3).

You can provide us with proof of **pre-application income** at any time. If we agree that the financial evidence provided supports the monthly amount insured shown in the Policy Schedule, we will confirm this in writing and section 6.2.1.1 then applies.

Under the guaranteed benefit payment type, if financial evidence has not been provided or confirmed prior to claim, then at the time of claim we require the life insured to provide satisfactory financial evidence for the purpose of determining the life insured's **pre-application income**.

If **pre-application income** cannot be provided to us, or we are unable to verify **pre-application income**, we may prescribe the type of financial information or supporting evidence we may reasonably require to determine the monthly amount insured payable to you.

The premiums payable are based on the monthly amount insured chosen. If the life insured's **pre-application income** does not support the monthly amount insured based on section 6.1, no refund of premium will be payable.

## 6.2.2 Indemnity benefit payment type

For an indemnity benefit payment type the monthly amount insured payable may be less than the monthly amount insured shown on the Policy Schedule depending on the life insured's **pre-claim earnings**.

The monthly amount insured payable is the lesser of:

- the monthly amount insured shown on the Policy Schedule
- 75% of the life insured's average monthly **pre-claim earnings** (or 80% if the Priority Income Option is shown on the Policy Schedule).

The monthly amount insured payable is then adjusted as follows:

- If the life insured is **on claim** and receives certain other payments, the monthly amount insured payable may be reduced (see section 6.9).
- If the life insured is **on claim**, the monthly amount insured payable may be increased under the Increasing Claim Option, if shown on the Policy Schedule (see section 6.7.3).

At the time of claim we require you to provide satisfactory financial evidence for the purpose of determining the life insured's **pre-claim earnings**.

## 6.2.3 Reductions if the benefit period is to age 70

If the benefit period is to age 70 and the **disability** commences after the policy anniversary when the life insured is age 65, the monthly amount insured payable is reduced to the proportion of the amount insured otherwise payable as set out in the table below:

Age at policy anniversary prior to disability	Proportion of the amount insured payable
65	80%
66	60%
67	40%
68	20%
69	10%

## 6.2.4 Accidental Injury Only

The Policy Schedule will show if Accidental Injury Only applies to a life insured's cover. Where Accidental Injury Only is shown the following definition applies:

### Definition of accidental injury

**Accidental injury** means a physical injury which is caused solely and directly by violent, accidental, external and visible means which occurs during the period of the policy. If the claim arises directly or indirectly and whether wholly or partly as a result of stress, anxiety, depression, fatigue (including chronic fatigue syndrome and fibromyalgia), physical symptoms of a psychiatric illness or condition, psychosis, personality disorders or emotional or behavioural disorders related to substance abuse or dependency (including alcohol, drug or chemical abuse or dependency), we will not pay any benefits.

### 6.2.4.1 Death Benefit

#### 6.2.4.1.1 Basic Death Benefit

**(Applies to Income Secure Standard where Accidental Injury Only is shown in respect of a life insured.)**

If the life insured is covered under Income Secure Standard, three times the monthly amount insured is payable as a lump sum if the life insured dies as a result of an **accidental injury** whilst the cover is in force.

We will pay this benefit once only.

The maximum amount payable under this benefit for death from all Income Secure Standard, Comprehensive and Professional Covers for the life insured is \$30,000.

The life insured does not need to be have been **on claim** for this benefit to be payable. The death must occur within 90 days of sustaining the **accidental injury**.

#### 6.2.4.1.2 Enhanced Death Benefit

**(Applies to Income Secure Professional and Income Secure Comprehensive where Accidental Injury Only is shown in respect of a life insured.)**

If the life insured is covered under Income Secure Professional or Income Secure Comprehensive, six times the monthly amount insured is payable as a lump sum if the life insured dies as a result of an **accidental injury** whilst the cover is in force.

We will pay this benefit once only.

The maximum amount payable under this benefit for death from all Income Secure Covers for the life insured is \$60,000.

The life insured does not need to have been **on claim** for this benefit to be payable. The death must occur within 90 days of sustaining the **accidental injury**.

### 6.2.4.2 Benefits and features not available to Accidental Injury Only

The Policy Schedule will show if Accidental Injury Only applies to a life insured's cover. Where Accidental Injury Only is shown the following features and benefits are not available:

#### Income Secure Standard

- Conversion to Living Expense Cover (6.6.2)

- Waiting Period Conversion (6.6.6)
- Trauma Recovery Benefit (6.5.9)

#### Income Secure Comprehensive and Professional

- Conversion to Living Expense Cover (6.6.2)

#### Income Secure Professional

- Cover Continuation (6.6.5)

#### 6.2.4.3 Trauma Recovery Benefit restrictions

The Policy Schedule will show if **Accidental Injury** Only applies to a life insured's cover.

Where **Accidental Injury** Only is shown the following restriction will apply to the Trauma Recovery Benefit 6.5.9:

The Trauma Recovery Benefit will only be payable if the life insured suffers a trauma recovery event (as listed in 6.5.9) as a direct result of an **accidental injury** whilst the cover is in force.

## 6.3 Waiting period

The Policy Schedule will show the waiting period that applies to the cover.

Some benefits are payable during the waiting period. Where benefits are payable during the waiting period it is mentioned in the relevant sections of these Policy Terms.

The waiting period starts the day the life insured consults a **medical practitioner** and receives advice confirming **disability**.

Where it can be substantiated that the **disability** commenced before receiving advice from a **medical practitioner**, the start of the waiting period may be backdated up to seven days with written confirmation of that advice.

A separate waiting period applies for each separate **illness** or **injury** of the life insured which causes **disability** for which you can claim under this cover unless it is a recurring claim.

The waiting period is subject to change in respect of recurring claims (see section 6.3.1).

### 6.3.1 Recurring claims

If the life insured has been **on claim** and another claim is made in respect of them, arising from the same or related **illness** or **injury**, we will treat the subsequent claim as a continuation of the previous claim and the waiting period is waived provided the **illness** or **injury** recurs:

- for fixed term benefit periods of two years and six years for Income Secure Standard, Comprehensive and Professional
  - if the **illness** or **injury** recurs within six months of the date the life insured was last **on claim**, we will treat the subsequent claim as a continuation of the previous claim and the waiting period will be waived. We will only pay benefits for the remaining benefit period, which has been reduced by the previous claim
- for fixed term benefit periods of two years and six years for Income Secure Special Risk – if the **illness** or **injury** recurs

within 12 months of the date the life insured was last **on claim**, we will treat the subsequent claim as a continuation of the previous claim and the waiting period will be waived. We will only pay benefits for the remaining benefit period, which has been reduced by the previous claim

- for age-based benefit periods of to age 55, to age 60, to age 65 and to age 70 – if the **illness** or **injury** recurs within 12 months of the date the life insured was last **on claim**, we will treat the subsequent claim as a continuation of the previous claim and the waiting period will be waived.

New claims are considered to be:

- for fixed term benefit periods of two years and six years for Income Secure Standard, Comprehensive and Professional
  - if a claim recurs after six months from the date the life insured was last **on claim**, then it will be considered to be a separate claim and a new waiting period will apply. The life insured must have returned to full-time work for at least six continuous months in order for us to consider the claim as a separate claim
- for fixed term benefit periods of two years and six years for Income Secure Special Risk – if a claim recurs after 12 months from the date the life insured was last **on claim**, then it will be considered to be a separate claim and a new waiting period will apply. The life insured must have returned to full-time work for at least six continuous months in order for us to consider the claim as a separate claim
- for age-based benefit periods to age 55, to age 60, to age 65 and to age 70 – if a claim recurs after 12 months from the date the life insured was last **on claim**, then it will be considered to be a separate claim and a new waiting period will apply.

## 6.4 Benefit period

The benefit period is the maximum period of time that you will be paid a benefit for any one **illness** or **injury** while the life insured is **totally** or **partially disabled**. The Policy Schedule will show the benefit period that has been chosen for the cover.

The benefit period starts at the end of the waiting period and continues until the earlier of the:

- end of the benefit period shown on the Policy Schedule
- cover expiry date
- date the life insured is no longer **totally** or **partially disabled**
- date of the life insured's death
- date on which the cover ends or is cancelled
- date we have paid the Partial Disability Benefit for a total of 36 months for each claim (if the life insured's occupation category shown in the Policy Schedule is HH, H or R).

## 6.5 Income Secure Cover built-in benefits

(Unless specified, the following benefits apply to all types of Income Secure Cover.)

### 6.5.1 Total Disability Benefit

If the life insured is **totally disabled** due to **illness** or **injury**, we will pay the Total Disability Benefit during the benefit period after the completion of the waiting period. To be eligible to receive this benefit, the life insured must have been:

(Applies to Income Secure Professional.)

- **disabled** during the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 6.3.1).

(Applies to Income Secure Comprehensive and Income Secure Standard, if the life insured's occupation is shown on the Policy Schedule as Category P, E, D, A, F, I, C, M, S, L, or T.)

- **totally disabled** for seven out of 12 consecutive days during the waiting period
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 6.3.1).

(Applies to Income Secure Comprehensive, Income Secure Standard and Income Secure Special Risk, if the life insured's occupation is shown on the Policy Schedule as Category H, HH or R.)

- **totally disabled** for 30 consecutive days during the waiting period (or 14 consecutive days if you have a 14 day waiting period)
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 6.3.1).

We will stop paying this benefit when the life insured is no longer **totally disabled**.

The Total Disability Benefit is the monthly amount insured payable as defined in section 6.2.

The Total Disability Benefit is payable monthly in arrears. If a period of payment is less than a month, we pay  $\frac{1}{30}$  of the Total Disability Benefit for each day of the period.

### 6.5.2 Partial Disability Benefit

If the life insured is **partially disabled** due to **illness** or **injury**, we will pay the Partial Disability Benefit during the benefit period after the completion of the waiting period. To be eligible to receive this benefit, the life insured must have been:

(Applies to Income Secure Professional.)

- **disabled** during the waiting period

- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 6.3.1).

(Applies to Income Secure Comprehensive and Income Secure Standard, if the life insured's occupation is shown on the Policy Schedule as Category P, E, D, A, F, I, C, M, S, L, or T.)

- **totally disabled** for seven out of 12 consecutive days during the waiting period
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 6.3.1).

(Applies to Income Secure Comprehensive, Income Secure Standard and Income Secure Special Risk, if the life insured's occupation is shown on the Policy Schedule as Category H, HH or R.)

- **totally disabled** for 30 consecutive days during the waiting period (or 14 consecutive days if you have a 14 day waiting period)
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 6.3.1).

We will stop paying this benefit when the life insured is no longer **partially disabled**.

The Partial Disability Benefit is payable monthly in arrears. If a period of payment is less than a month, we pay  $\frac{1}{30}$  of the Partial Disability Benefit for each day of the period.

#### Calculating the Partial Disability Benefit

The Partial Disability Benefit is calculated as follows:

$$\frac{(A - B)}{A} \times C$$

where:

A = the life insured's **pre-claim earnings**.

B = the life insured's **monthly earnings** for the month in which they are **partially disabled**. If the life insured is **partially disabled** and is not working to their capability as a result of causes other than **illness** or **injury** and this situation continues for at least three months, then 'B' will be calculated on what the life insured could reasonably be expected to earn if they were working to the extent of their capability.

In determining what the life insured could reasonably be expected to earn if they were working to the extent of their capability, we will take into account available medical evidence (including the opinion of the life insured's **medical practitioner**) and any other relevant considerations directly related to the life insured's medical condition (including information provided by the life insured).

If we are making monthly payments and intend to adjust future payments due to a change in how we calculate 'B', we will notify you 30 days prior to this taking place.

'B' must be less than the amount of 'A'. If 'B' is negative in a month, we will treat 'B' as zero.

C = the monthly amount insured payable as described in section 6.2.

If we have been paying Total Disability Benefits for 12 consecutive months and you are receiving a Partial Disability Benefit for working in a gainful occupation that is unrelated to their **regular occupation** for at least three consecutive months, we will pay an additional 10% of the Partial Disability Benefit payable for a maximum of 12 months.

The additional 10% will only be available once during the life of this cover.

### 6.5.3 Rehabilitation and Retraining Benefit

#### 6.5.3.1 Rehabilitation and Retraining Expenses Benefit

If you are receiving Total or Partial Disability Benefits under this policy, we will reimburse the expenses associated with rehabilitation and/or retraining in respect of the life insured. The maximum amount we will reimburse in total over the life of the cover is 12 times the monthly amount insured payable.

We must agree in writing before the life insured commences the rehabilitation or retraining program. We will not approve any rehabilitation or retraining expenses which:

- we are not permitted by law to reimburse; or
- are regulated by the *National Health Act 1953* or the *Private Health Insurance Act, 2007*; or
- are expenses that you or the life insured is entitled to have reimbursed from another person or another policy.

Any benefit payable under the Rehabilitation and Retraining Expenses Benefit is in addition to the Total Disability Benefit and Partial Disability Benefit paid.

This benefit is not payable during the waiting period.

#### 6.5.3.2 Rehabilitation and Retraining Incentive Benefit

**(Applies to Income Secure Professional and Income Secure Comprehensive only.)**

We will pay the Rehabilitation and Retraining Incentive Benefit if:

- the life insured participates in a rehabilitation and/or retraining program for which we provide our prior written approval and, as a result, the life insured makes a successful return to work in either the life insured's **regular occupation** or another occupation
- the life insured has worked continuously for six months and has not been entitled to benefits under Income Secure Cover during that period; and
- this cover is in force at the time the life insured becomes entitled to this benefit.

The amount we will pay is three times the monthly amount insured applicable at the time the life insured becomes entitled to this benefit.

We will pay this benefit once only during the life of the cover.

### 6.5.4 Death Benefit

#### 6.5.4.1 Basic Death Benefit

**(Applies to Income Secure Standard and Income Secure Special Risk only.)**

If the life insured is covered under Income Secure Standard or Income Secure Special Risk, three times the monthly amount insured is payable as a lump sum if the life insured dies or is diagnosed with a **terminal illness** whilst the cover is in force.

We will pay this benefit once only. If we pay the Death Benefit for **terminal illness**, we will not pay it upon the death of the life insured.

We pay this benefit for **terminal illness** in addition to any other benefits payable while the life insured is **on claim** under this cover.

The maximum amount payable under this benefit for death or **terminal illness** from all Income Secure Standard, Comprehensive and Professional Covers for the life insured is \$60,000. The maximum amount payable under this benefit for death or **terminal illness** for Income Secure Special Risk for the life insured under all policies is \$30,000.

The life insured does not need to have been **on claim** for this benefit to be payable.

#### 6.5.4.2 Enhanced Death Benefit

**(Applies to Income Secure Professional and Income Secure Comprehensive only.)**

If the life insured is covered under Income Secure Professional or Income Secure Comprehensive, six times the monthly amount insured is payable as a lump sum if the life insured dies or is diagnosed with a **terminal illness** whilst the cover is in force.

We will pay this benefit once only. If we pay the Death Benefit for **terminal illness**, we will not pay it upon the death of the life insured.

We pay this benefit for **terminal illness** in addition to any other benefits payable while the life insured is **on claim** under this cover.

The maximum amount payable under this benefit for death or **terminal illness** from all Income Secure Covers for the life insured is \$60,000.

The life insured does not need to have been **on claim** for this benefit to be payable.

#### 6.5.5 No Claim Benefit

**(Not applicable to Income Secure Special Risk.)**

If, for three consecutive years after the cover start date, both the:

- cover has been continuously in force; and
- life insured has not been **on claim** and you have not been eligible to make a claim for the life insured under this cover;

the following benefits will apply to this cover from the third anniversary of the cover start date:

- Double Death Benefit – we will double any Basic Death Benefit or Enhanced Death Benefit otherwise payable

- Double Rehabilitation and Retraining Expenses Benefit – we will double the maximum amount payable under the Rehabilitation and Retraining Expenses Benefit.

The doubling of the Death Benefit and the Rehabilitation and Retraining Expenses Benefit (as applicable) only applies to a claim which arises from an event occurring after the third anniversary of the cover start date.

Once the No Claim Benefit applies, it will continue to apply even if the life insured is subsequently **on claim**. This means that if you are eligible to make a claim after this time, the three year period does not start again.

### 6.5.6 Meal Allowance Benefit

**(Not applicable to Income Secure Special Risk.)**

This benefit applies if, from the commencement of the benefit period, the life insured is confined to bed due to **illness** or **injury** for more than 72 hours, as confirmed by a **medical practitioner**. If this benefit applies, we will pay up to \$500 per month in arrears for a maximum of three months to reimburse the cost of a meal delivery service approved by us.

Where the Meal Allowance Benefit is payable for part of a month, the maximum amount we will pay is  $\frac{1}{30}$  of \$500 for each day in that month the life insured is eligible to receive this benefit. This benefit will be reduced by any payment made under the Immediate Family Member Benefit (see section 6.5.12).

This benefit is not payable during the waiting period.

### 6.5.7 Specific Injury Benefit

**(Not applicable to Income Secure Special Risk.)**

We will pay you the monthly amount insured payable if a specific injury (as set out in the table 'Specific injuries covered under Income Secure Cover') happens to the life insured while the cover is in force. In this instance we will treat the life insured as being **totally disabled**.

This benefit is payable whether or not the life insured is disabled or in need of ongoing medical treatment. This benefit is payable during the waiting period.

You can choose to be paid the Specific Injury Benefit either as:

- a lump sum payment of up to 12 times the monthly amount insured at any one time, calculated by multiplying the monthly amount insured by the relevant payment period for that specific injury as set out in the following table for 'Specific injuries covered under Income Secure Cover'. If the specific injury occurs within 12 months of the Cover expiry date shown on the Policy Schedule the lump sum payment will be calculated by multiplying the monthly amount insured by the number of months remaining until the Cover Expiry Date. If we have paid a lump sum and the life insured dies before the end of the payment period, we will pay the appropriate death benefit; or
- in advance each month until the earliest of the:
  - end of the relevant payment period for that specific injury as set out in the following table for 'Specific injuries covered under Income Secure Cover'; or
  - cover expiry date; or
  - date of the life insured's death.

If the life insured suffers more than one specific injury at the same time, we will pay for one specific injury only and this will be the specific injury with the longest payment period.

If the life insured suffers either another specific injury or a trauma recovery event (see section 6.5.9) while we are paying a Specific Injury Benefit, we will pay one benefit only.

The benefit we will pay will be the one that provides for the greatest payment.

If the life insured is **totally disabled** or **partially disabled** at the end of the payment period due to the specific injury for which we have paid this benefit, we will pay a Total or Partial Disability Benefit (as applicable) from the later of the:

- end of the payment period for the specific injury; or
- end of the period of time that the lump sum payment relates to for the specific injury; or
- end of the waiting period.

The life insured must have satisfied the requirements of **disability** during the waiting period (see sections 6.5.1 and 6.5.2). The commencement of the waiting period is defined in section 6.3.

If the benefit period is two years or six years, the maximum period for which we will pay Total Disability Benefits and/or Partial Disability Benefits is reduced by the number of months for which we have already paid the Specific Injury Benefit.

The diagnosis of the specific injury must be made by an appropriate specialist **medical practitioner** and confirmed by our medical adviser.

### 6.5.8 Unemployment Benefit

**(Not applicable to Income Secure Special Risk.)**

If the life insured becomes **involuntarily unemployed** for reasons other than **illness** or **injury** and subject to the conditions set out below, we will pay the Unemployment Benefit.

For this benefit to apply, the life insured must hold current one of the following types of loans with Australia and New Zealand Banking Group Limited ABN 11 005 357 522:

- home loan
- investment home loan
- line of credit
- business loan
- personal loan
- margin lending loan.

In this section, the above loans are referred to as ANZ Loans.

The amount we will pay is the lesser of:

- the life insured's share of the minimum monthly repayment of the ANZ Loan
- the monthly amount insured
- \$5,000 across Income Secure Covers for the life insured.

This benefit will be paid for a maximum of three months, ending on the earliest of the following:

- the expiry of the cover
- the life insured ceases to have a 'loan' covered by the benefit
- some other benefit is payable under Income Secure Cover and the amount of the other benefit is greater than that provided by this benefit
- the date of the life insured's death
- the life insured becomes **employed** in some form of paid work.

This benefit only applies if the life insured has been:

- **involuntarily unemployed** for at least 30 days; and
- registered with a recognised employment agency and actively seeking work for the full period for which the benefit is claimed; and
- **employed** for at least six consecutive months immediately prior to becoming **involuntarily unemployed**.

This benefit only applies if the loan has been in place for more than six months prior to the date of **unemployment**. In relation to loans that have been in place for longer than six months, the benefit only applies to the extent that the terms of the loan have not been altered so that the minimum repayments have increased. An increase in the loan amount or a change in the loan repayment time are changes to the terms of the loan.

The benefit does not apply where:

- immediately prior to becoming **unemployed**, the life insured was:
  - self-employed
  - **employed** by an **immediate family member**
  - an employee of an employer with fewer than five employees
  - working less than 20 hours a week
  - **employed** outside of Australia.
- the **involuntary unemployment** commenced, and the life insured:
  - had been provided with notice; or
  - was aware of its imminent commencement

prior to or during the first 180 days of the start date of cover, its reinstatement or the date of any increase (not including indexation increases and in relation to the increase portion only).

- the **involuntary unemployment** was the result of:
  - retirement
  - resignation
  - voluntary redundancy
  - abandonment of employment
  - the termination of casual or seasonal work
  - the end/termination of a fixed term contract; or
  - deliberate or serious misconduct.

This benefit will be reduced by the amount of any payment made by, or recoverable from, another source in respect of the loan repayment.

We will not pay any benefit in relation to any arrears on the loan at the date of **involuntary unemployment**.

Only one claim under this benefit is payable in any 12 month period.

Only three claims can be made during the life of this cover.

If the life insured becomes **disabled** while we are paying this benefit, benefits in relation to the **disability** will be paid instead of this benefit, unless this benefit provides for a higher amount, including the waiting period that applies to benefits for **disability**.

To assess a claim under this benefit we will require:

If terms have changed, we will require details of the terms that applied before the change
- statements of account showing current minimum monthly repayment and current loan position including details of repayments paid in the previous six months
- documentation of terms of employment and termination of employment
- documentation of the life insured's registration from a recognised employment agency including details of jobs applied for
- any other documentation we may reasonably require to determine whether the terms of the benefit are satisfied.

### 6.5.9 Trauma Recovery Benefit

**(Applies to Income Secure Professional and Income Secure Comprehensive only.)**

We will pay you the monthly amount insured payable if a trauma recovery event (as listed below) happens to the life insured while the cover is in force. In this instance we will treat the life insured as being **totally disabled**.

This benefit is payable whether or not the life insured is **disabled** or in need of ongoing medical treatment.

This benefit is payable during the waiting period.

You can choose to be paid the Trauma Recovery Benefit either as:

- a lump sum payment of six times the monthly amount insured. If the Trauma recovery event occurs within six months of the Cover Expiry Date as shown on the Policy Schedule the lump sum payment will be calculated by multiplying the monthly amount insured by the number of months remaining until the Cover Expiry Date. If we have paid a lump sum and the life insured dies before the end of the payment period, we will pay the appropriate death benefit; or
- in advance each month until the earliest of the:
  - end of the payment period of six months for that trauma recovery event; or
  - cover expiry date; or
  - date of the life insured's death.

If the life insured suffers more than one trauma recovery event at the same time, we will pay for one trauma recovery event only.

If the life insured suffers either another trauma recovery event or a specific injury (see section 6.5.7) while we are paying a Trauma Recovery Benefit, we will pay one benefit only. The benefit we will pay is that which provides for the greater future payment at that time.

If the life insured is **totally disabled** or **partially disabled** at the end of the payment period of six months due to the trauma recovery event for which we have paid this benefit, we will pay a Total or Partial Disability Benefit (as applicable) from the later of the:

- end of the payment period for the trauma recovery event; or
- end of the period of time that the lump sum payment relates to for the trauma recovery; or
- end of the waiting period.

The life insured must have satisfied the requirements of **disability** during the waiting period (see sections 6.5.1 and 6.5.2). The commencement of the waiting period is defined in section 6.3.

If the benefit period is two years or six years, the maximum period for which we will pay Total Disability Benefits and/or Partial Disability Benefits is reduced by the number of months for which we have already paid the Trauma Recovery Benefit.

The following trauma recovery events are included under the Trauma Recovery Benefit and are defined in section 15:

- **Alzheimer's disease**<sup>†</sup>
- **angioplasty – triple vessel**<sup>\*</sup>

\* There is no Trauma Recovery Benefit payable in respect of the trauma recovery events marked with a '\*' if the trauma condition first occurs or is first diagnosed or the symptoms leading to the trauma conditions occurring, or being diagnosed first become **reasonably apparent** during the first 90 days after the date that OnePath Life receives:

- the complete application for Income Secure Cover
- a written request for the reinstatement of Income Secure Cover; or
- the complete application for an increase to the Income Secure Cover monthly amount insured (in respect of the increased portion only).

† Trauma recovery events marked with a '†' must be diagnosed and certified by a **medical practitioner** who is an appropriate specialist physician approved by us.

If this cover is replacing existing cover with us or another insurer, the 90 day qualifying period will not apply to the part of the monthly amount insured being replaced if:

- any similar qualifying period has expired for the same conditions or events in the policy to be replaced (including qualifying periods applied to the policy after its commencement due to, for example, reinstatements or increases); and
- the policy to be replaced is cancelled immediately after the issue of this policy; and
- no claim is payable or pending under the policy to be replaced.

Where the monthly amount insured exceeds that of the policy to be replaced, the 90 day qualifying period will apply to the excess amount.

### 6.5.10 Accommodation Benefit

**(Applies to Income Secure Professional and Income Secure Comprehensive only.)**

- that **immediate family member** is required to stay away from their **home**; and
- the life insured is confined to bed.

This benefit is payable in addition to any other benefit that becomes payable.

The Accommodation Benefit is payable during the waiting period.

This benefit is payable for a maximum of 30 days.

If the Special Care Benefit is payable, we will reimburse the costs of employing a registered nurse or a housekeeper (who are not **immediate family members**). The maximum amount reimbursed will be the lesser of:

- the monthly amount insured payable
- \$5,000 per month across all Income Secure Covers for the life insured under this policy.

The Special Care Benefit is payable until the earlier of:

The payment under this benefit will be reduced by any amounts we have paid under the Immediate Family Member Benefit (see section 6.5.12) in respect of the same **illness** or **injury**.

This benefit is payable in addition to any other benefits that become payable, except for the Immediate Family Member Benefit.

If, from the commencement of the benefit period:

- a **medical practitioner** certifies that the life insured is confined to bed due to **illness** or **injury** and they require care; and
- as a result of the life insured's **illness** or **injury**, an **immediate family member** ceases to earn any income because the life insured needs the **immediate family member** to care for them;

we will pay you up to an additional 50% of the monthly amount insured payable, subject to a maximum payment of \$3,000 per month across all Income Secure Covers for the life insured under this policy for a maximum of three months.

Payment of the Immediate Family Member Benefit will be made in arrears.

The payment under this benefit will be reduced by any amounts we pay under the Special Care Benefit or Meal Allowance Benefit in respect of the same **illness** or **injury**.

This benefit is payable in addition to any other benefits that become payable, except for the Special Care Benefit or Meal Allowance Benefit.

This benefit is not payable during the waiting period.

### 6.5.13 Nursing Care Benefit

**(Applies to Income Secure Professional and Income Secure Comprehensive only.)**

We will pay you the monthly amount insured payable if, during the waiting period, the life insured is confined to bed due to **illness** or **injury** and a **medical practitioner** certifies that the life insured needs continuous care from a registered nurse for more than 72 hours.

For each day nursing care is certified to be required we will pay  $\frac{1}{30}$  of the monthly amount insured payable. We will do so until the end of the waiting period, or for 90 consecutive days from the first day of nursing care, whichever comes first.

This benefit is payable during the waiting period. If we pay this benefit, we will not pay any other benefit in respect of the **illness** or **injury** during the waiting period other than the Accommodation Benefit, the Relocation Benefit, the Emergency Domestic Travel Benefit or the Commuter Benefit if they apply.

### 6.5.14 Relocation Benefit

**(Applies to Income Secure Professional and Income Secure Comprehensive only.)**

We will pay the Relocation Benefit once during a claim if the life insured:

- becomes **totally disabled** whilst outside of Australia; and
- remains **totally disabled** for at least 30 days; and
- returns to Australia while **totally** or **partially disabled**.

The amount we will pay is the lesser of:

- the cost of a single standard economy airfare for a scheduled commercial flight by the most direct route to the airport in Australia nearest to where the life insured resides

- expenses actually incurred by the life insured in changing previously made air travel arrangements
- three times the monthly amount insured payable.

The Relocation Benefit will be reduced by the amount of any payments made or recoverable from another source in respect of the same airfare or expense.

This benefit is only payable once in respect of each claim for **total disability**.

This benefit is payable in addition to any other benefit that becomes payable.

This benefit is payable during the waiting period.

### 6.5.15 Child Care Assistance Benefit

**(Applies to Income Secure Professional and Income Secure Comprehensive only.)**

If the life insured is **totally disabled**, and as a result the life insured requires additional child care assistance, we will reimburse the monthly cost of child care fees incurred during the benefit period that cannot be recovered from another source, provided you have obtained our approval in writing before the additional child care arrangements commence.

If existing child care arrangements are in place at the time of claim, the amount of Child Care Assistance Benefit will only be the additional child care costs directly resulting from the life insured's **total disability**.

The maximum we will reimburse is the lesser of:

- 5% of the monthly amount insured
- \$400 per month across all Income Secure Covers for the life insured under this policy.

This benefit is payable for a maximum of three months. Each child must be under the age of 12 at the time of the life insured's **disability**. Evidence must be supplied each month that the child care fees have been paid before we make any payment. We will not reimburse any amount for child care services provided by you or an **immediate family member** of the child.

The Child Care Assistance Benefit is payable monthly in arrears in addition to any other benefit that becomes payable.

This benefit is not payable during the waiting period.

### 6.5.16 Emergency Domestic Travel Benefit

**(Applies to Income Secure Professional only.)**

If the life insured is **totally disabled** and requires emergency transportation within Australia to a hospital or their **home**, we will reimburse the expenses incurred for emergency transportation (other than ambulance services) of the life insured and one of their **immediate family members**.

The amount we will pay is the lesser of:

- the expenses actually incurred for the emergency transportation
- two times the monthly amount insured payable
- \$2,000 across all Income Secure Covers for the life insured under this policy.

The Emergency Domestic Travel Benefit will be reduced by the amount of any payments made by, or recoverable from, another source in respect of the same emergency transportation expense.

This benefit is only payable once in respect of each claim for **total disability**.

This benefit is payable in addition to any other benefit that becomes payable.

This benefit is payable during the waiting period.

### 6.5.17 Commuter Benefit

**(Applies to Income Secure Professional only.)**

The Commuter Benefit applies if the life insured incurs transportation expenses for travelling to and from work during the waiting period and the life insured goes **on claim** at the end of the waiting period.

We will reimburse the cost of travel expenses approved by us, which are directly incurred as a result of the life insured's **illness or injury**.

The amount we will pay is the lesser of:

- the expenses actually incurred in travelling to and from work
- one third of the monthly amount insured payable
- \$500 across all Income Secure Covers for the life insured under this policy.

The Commuter Benefit will be reduced by the amount of any payments made by, or recoverable from, any other source in respect of the same expense.

This benefit is only payable once in respect of each claim for **total disability**.

This benefit is payable in addition to any other benefit that becomes payable.

This benefit is payable at the end of the waiting period for transportation expenses incurred during the waiting period.

## 6.6 Income Secure Cover built-in features

**(Unless specified, the following features apply to all types of Income Secure Cover.)**

### 6.6.1 Waiver of Premium

We will waive premiums for this cover for the life insured that relate to periods of time whilst the life insured is **on claim** under this cover, or **disabled** beyond the end of the waiting period and otherwise eligible for the payment of a benefit under this cover before benefit reductions are applied (see section 6.9).

If we waive a premium for this cover, we will also waive the premium that relates to the waiting period.

If we are waiving premiums for all covers on a policy for a life insured, we will also waive the Policy Fee for that life insured.

### 6.6.2 Conversion to Living Expense Cover

If the life insured is not **on claim** and you are not eligible to make a claim at the expiry of the Income Secure Cover, we will offer conversion to Living Expense Cover without medical underwriting.

The conversion offer available will be for:

- a benefit period of two years; and
- a cover expiry at age 80.

The following table details the waiting periods available.

The waiting period for Income Secure at time of conversion	Available waiting periods on Living Expense Cover
14 days	30, 90, 1 year, 2 year
30 days	30, 90, 1 year, 2 year
60 days	30, 90, 1 year, 2 year
90 days	90, 1 year, 2 year
180 days	90, 1 year, 2 year
1 year	1 year, 2 year
2 year	2 year

The monthly amount insured converted at the expiry of the Income Secure Cover will be the lesser of:

- the monthly amount insured at expiration across all Income Secure Covers for the life insured under all policies issued by us
- the maximum monthly amount insured we offer on standard terms for Living Expense Cover at that time.

The premium will be calculated based on stepped premium rates applying to Living Expense Cover at the time of conversion. We will apply any medical or hazardous pursuits loadings or specific exclusions that applied to the original Income Secure Cover to the Living Expense Cover.

You are able to take up this conversion option prior to the expiry of the Income Secure Cover by contacting us and completing the appropriate forms.

The terms and conditions for Living Expense Cover which apply are those outlined in section 8.

### 6.6.3 Unemployment Premium Waiver

**(Applies to Income Secure Professional only.)**

If the life insured becomes **involuntarily unemployed** for reasons other than **illness or injury**, we will waive the premiums under Income Secure Professional for up to a maximum of three months from the first day of **involuntary unemployment**. This benefit will only apply if cover under this policy has been continually in force for at least six months prior to the date the life insured becomes **involuntarily unemployed**. We must receive proof acceptable to us of the **involuntary unemployment** before premiums are waived. This feature can only be used for three separate periods of **involuntary unemployment** during the life of the policy.

The Unemployment Premium Waiver will end if the life insured returns to work, whether in their **regular occupation** or any other occupation.

## 6.6.4 Adjusting Income Secure Cover

### 6.6.4.1 Increasing Income

#### (Not applicable to Income Secure Special Risk.)

This feature allows you to increase the monthly amount insured in line with changes in the life insured's average monthly earnings without having to undergo medical underwriting. Each year, an application may be made to increase the monthly amount insured, in addition to any indexation increase by up to 15% of the monthly amount insured after the indexation increase applicable on that policy anniversary is applied.

If more than three years pass since the commencement of this policy and an increase in cover under this feature has not occurred in the previous three years, the maximum individual increase available under this feature is \$1,000.

You will be required to complete the relevant form and provide:

- financial evidence supporting the increase in cover; and
- confirmation that the life insured is actively at work and expects their income to continue at or above the current level.

The application to increase the monthly amount insured must be made within 30 days of the policy anniversary.

This feature cannot be exercised if the life insured is **on claim**, or eligible to make a claim.

This feature is only available if the life insured is less than age 50 at the cover start date. To increase cover under this feature, the life insured must be less than age 55, and the monthly amount insured across all Income Secure Covers for the life insured, including this increase, does not exceed \$30,000.

This feature is only available for cover that has been issued without medical loadings greater than 50% as shown on the Policy Schedule.

The total of all increases in the monthly amount insured under Increasing Income cannot exceed the original monthly amount insured at the cover start date.

### 6.6.4.2 Family Cover Pause

If the life insured's average **monthly earnings** reduce while pregnant or after they or their **spouse** have children, you can request to reduce your monthly amount insured by up to 75% (subject to a minimum monthly amount insured of \$1,250) to reflect the life insured's new average **monthly earnings** if:

- you have paid premiums for the previous 24 consecutive months
- there is no premium amount outstanding at the time of activating the Family Cover Pause.

You will have the option to reinstate the monthly amount insured when the life insured's **monthly earnings** increase without having to undergo further medical underwriting. You can reinstate all or part of the monthly amount insured at any time prior to the life insured's youngest child turning age six.

To reinstate all or part of the original monthly amount insured you will be required to complete the relevant form and to provide:

- financial evidence supporting the reinstated cover
- a copy of the youngest child's birth certificate or adoption certification.

If satisfactory financial evidence cannot be provided, the reinstated amount may be available as an Indemnity benefit payment type.

There is no cover and no benefits are payable in relation to this feature in respect of **illness** or **injury** that becomes **reasonably apparent** while cover is being paused (in respect of the amount of cover that is paused only) or in the first 90 days after each increase of cover from Family Cover Pause (in respect of the increased portion only).

Indexation of the reduced monthly amount insured will apply whilst cover is paused (see section 11.1).

### 6.6.4.3 Premium Pause

#### (Applies to Income Secure Professional only.)

If the life insured becomes **unemployed** or takes long-term leave from work, you can request to pause paying premiums for up to 12 consecutive months, with the option to recommence cover at the end of the 12 month period if:

- you have paid premiums for the previous 24 consecutive months; and
- there is no premium amount outstanding at the time of activating the Premium Pause.

No benefits are payable under this cover during the period in which the Premium Pause is activated. Indexation of the monthly amount insured will not apply whilst premiums are paused.

Premium Pause can be activated at any time during the policy year. You must request to pause premiums no later than 30 days after the life insured becomes **unemployed** or commences the long-term leave.

If Income Secure Professional is the only cover in force for that life insured, we will also pause the Policy Fee for that life insured for the duration of the Premium Pause. If there are other covers in force for that life insured under the policy, we do not pause the Policy Fee, but continue to charge it along with the premiums for the other covers.

At the end of the 12 months the Premium Pause automatically ceases. We will notify you 30 days before the Premium Pause will cease. If Income Secure Professional is not reinstated by you within 30 days, Income Secure Professional will be cancelled.

You may apply to stop Premium Pause (and recommence cover) at any time within the 12 months (but not within three months of activating the pause). Resumption of cover from Premium Pause prior to the end of the 12 month period is subject to our approval and receipt of the premium payable.

The premium payable upon resumption from Premium Pause will be calculated on the age and monthly amount insured at the date of the last policy anniversary.

There is no cover and no benefit payable under this feature in respect of **illness** or **injury** that becomes **reasonably**

**apparent** while premiums are being paused or in the first 90 days after each resumption of cover from Premium Pause.

### 6.6.5 Cover Continuation

**(Applies to Income Secure Professional only.)**

If the life insured is working full time when the cover expires and has been working full time for the 12 months immediately preceding, we will offer to continue cover under Income Secure Professional (if they meet the requirements set out below) up to the earlier of:

- the policy anniversary when the life insured is:
  - age 70 (if the benefit period under this cover is to age 65)
  - age 65 (if the benefit period under this cover is to age 60)
  - age 60 (if the benefit period under this cover is to age 55)
- the date the life insured ceases full-time work.

Cover Continuation is only available if the life insured was aged 55 or below at the cover start date, and no medical loadings apply.

In order to continue Income Secure Professional we will require evidence, acceptable to us, that the life insured is working and plans to continue to work full time, and information about their occupation.

If cover continues, it will be on the following special terms:

- The waiting period will be the greater of 30 days and the current waiting period when cover would otherwise end.
- The benefit period will be one year.
- The maximum monthly amount insured across all Income Secure Professional covers for the life insured will be the lesser of \$10,000 or the current monthly amount insured when cover would otherwise end.
- The Accident Option or the Premier Accident Option will not apply.

Indexation increases will not apply to the monthly amount insured under Cover Continuation on or after the policy anniversary when the life insured is age 65.

### 6.6.6 Waiting Period Conversion

This feature allows you to apply to change the waiting period from two years to 90 days without needing to provide medical evidence when the life insured ceases to be covered under a Group Salary Continuance (GSC) scheme or similar arrangement provided by an employer and issued by a life company registered in Australia.

Apart from medical history, all aspects of the life insured's history will be assessed to determine whether we can offer to convert the waiting period and if so, the conditions which may apply.

We may decline to accept the application to convert on the basis of this evidence or information, when considered in light of our standard underwriting guidelines applicable at the time of the request. Alternatively, we may accept the conversion subject to a change to the occupation category that applies or a change to the monthly amount insured.

When you apply to convert the waiting period, you will be required to provide confirmation that the life insured:

- ceased to be covered under the GSC scheme or similar arrangement provided by an employer and issued by a life company registered in Australia
- is actively at work in their occupation and expects their **monthly earnings** to continue at or above the level at the time of leaving the GSC scheme
- has not left the **employment** for which cover under the GSC scheme was provided due to **illness or injury**
- has not made or is not eligible to make a claim under Income Secure Cover
- has not made or is not eligible to make a claim under the GSC scheme or any other policy providing disability income insurance
- has not been paid a TPD benefit with any life insurer
- has not made or does not intend to make a claim for a TPD benefit with any life insurer.

The option must be exercised within 30 days of the cover under the GSC scheme ceasing.

This option to convert the waiting period expires at the policy anniversary when the life insured is age 55.

This benefit does not apply if it is part of a transfer from another OnePath product or this policy is issued as part of a continuation option unless it has been fully underwritten.

## 6.7 Income Secure Cover options (at extra cost)

### 6.7.1 Accident Option

**(This option applies to Income Secure Cover for a life insured if it is shown on the Policy Schedule. Not applicable to Income Secure Special Risk.)**

If, as a result of an **injury**, the life insured is **totally disabled** for 14 consecutive days from the start of the waiting period, we will pay  $\frac{1}{30}$  of the monthly amount insured payable (as defined in section 6.2) for each day the life insured is **totally disabled** during the waiting period. The **total disability** must commence within 30 days of the date of the **injury**. The Accident Option is only available if your waiting period is 14 or 30 days.

This benefit option is payable during the waiting period. If we pay the Accident Option, we will not pay any other benefit in respect of that **injury** during the waiting period, other than the Accommodation Benefit, the Relocation Benefit, the Emergency Domestic Travel Benefit and the Commuter Benefit if they apply.

The Accident Option expires at the policy anniversary when the life insured is age 65.

## 6.7.2 Premier Accident Option

**(This option applies to Income Secure Cover for a life insured if it is shown on the Policy Schedule. Not applicable to Income Secure Special Risk.)**

If, as a result of an **injury**, the life insured is **totally disabled** for three consecutive days from the start of the waiting period, we will pay  $\frac{1}{30}$  of the monthly amount insured payable (as defined in section 6.2) for each day the life insured is **totally disabled** during the waiting period. The **total disability** must commence within 30 days of the date of the **injury**. The Premier Accident Option is only available if your waiting period is 14 or 30 days.

This benefit option is payable during the waiting period. If we pay the Premier Accident Option, we will not pay any other benefit in respect of that **injury** during the waiting period, other than the Accommodation Benefit, the Relocation Benefit, the Emergency Domestic Travel Benefit and the Commuter Benefit if they apply.

The Premier Accident Option expires at the policy anniversary when the life insured is age 65.

## 6.7.3 Increasing Claim Option

**(This option applies to Income Secure Cover for a life insured if it is shown on the Policy Schedule.)**

While **on claim**, the monthly amount insured will increase every three months by a quarter of the indexation factor.

When the life insured ceases to be **on claim**, the monthly amount insured for the cover will revert to the monthly amount insured that applied on the policy anniversary before the life insured ceased being **on claim**.

The Increasing Claim Option expires at the policy anniversary when the life insured is age 65.

## 6.7.4 Priority Income Option

**(This option applies to Income Secure Cover for a life insured if it is shown on the Policy Schedule. Not applicable to Income Secure Special Risk.)**

The Priority Income Option allows you to increase the monthly amount insured by an additional 5% of the life insured's **monthly earnings**.

The Priority Income Option will enable priority income commitments (namely, superannuation contributions or mortgage payments) to be maintained during periods of **disability**. Under this option you may select either:

- Superannuation Maintenance (SM); or
- Mortgage Maintenance (MM).

### 6.7.4.1 Superannuation Maintenance (SM)

The SM amount payable is included in the monthly amount insured payable shown on your Policy Schedule.

For a guaranteed benefit payment type, the SM amount payable will be 5% of **monthly earnings** at the time of application, adjusted by the indexation factor up to the policy anniversary prior to claim.

For an indemnity benefit payment type, the SM amount payable will be 5% of the lesser of the:

- **monthly earnings** at time of application, adjusted by the indexation factor up to the policy anniversary prior to claim
- **pre-claim earnings**.

We will pay a partial SM amount while the life insured is **partially disabled**.

If we reduce the monthly amount insured payable due to the receipt of other payments (see section 6.9), the SM amount payable will be reduced by the same proportion.

We will pay the SM directly to a superannuation provider nominated by you for the life insured's benefit, or we will pay it to you subject to proof we may request that the amount is subsequently forwarded to a superannuation provider for the life insured's benefit. This benefit will only be paid in circumstances permitted by the relevant laws relating to superannuation contributions and taxation. The superannuation provider must be either a regulated superannuation fund or retirement savings account as defined in the relevant superannuation and taxation laws.

In the event of claim, you may request for us to contribute a greater portion of the monthly amount insured payable to a superannuation provider nominated by you.

If the Booster Option (6.7.5) is selected, the Priority Income option amount is not boosted.

### 6.7.4.2 Mortgage Maintenance (MM)

The MM amount payable is included in the monthly amount insured payable shown on your Policy Schedule. We will pay the MM directly to you.

For a guaranteed benefit payment type, the MM amount payable will be 5% of **monthly earnings** at the time of application, adjusted by the indexation factor up to the policy anniversary prior to claim.

For an indemnity benefit payment type, the MM amount payable will be 5% of the lesser of:

- the **monthly earnings** at time of application, adjusted by the indexation factor up to the policy anniversary prior to claim
- **pre-claim earnings**.

We will pay a partial MM amount while the life insured is **partially disabled**.

If we reduce the monthly amount insured payable due to the receipt of other payments (see section 6.9), the MM amount payable will be reduced by the same proportion.

This benefit is only available if the life insured is an owner, occupier and mortgagor of their principal place of residence.

## 6.7.5 Booster Option

**(This option applies to Income Secure Standard and Special Risk Cover for a life insured if it is shown on the Policy Schedule.)**

If the life insured chooses this option and a Trauma Recovery Event occurs during the period of cover resulting in the life insured receiving a **total** or **partial disability** benefit we will pay an additional third of the monthly amount insured payable (for up to 24 months) as long as life insured continues to be **totally** or **partially disabled**.

**(This option applies to Income Secure Comprehensive and Professional Cover for a life insured if it is shown on the Policy Schedule.)**

If the life insured chooses this option and a Trauma Recovery Event occurs during the period of the cover, we will pay an additional third of the monthly amount insured payable for up to six months regardless of whether the life insured is **totally** or **partially disabled**.

If the life insured is **totally** or **partially disabled** at the end of the payment period of six months due to the trauma recovery event for which we have paid the Trauma Recovery Benefit, we will pay an additional third of the **total** or **partial disability** benefit (as applicable) from the later of the:

- end of the payment period for the trauma recovery event; or
- end of the waiting period;

for up to a further 18 months as long as the life insured continues to be **totally** or **partially disabled**.

The following trauma recovery events are included under the Booster Option and are defined in section 15:

\* There is no Booster Option payable in respect of the trauma recovery events marked with a '\*' if the trauma condition first occurs or is first diagnosed or the symptoms leading to the trauma conditions occurring, or being diagnosed first become **reasonably apparent** during the first 90 days after the date that OnePath Life receives:

- the complete application for Income Secure Standard, Comprehensive, Professional or Special Risk Cover
- a written request for the reinstatement of Income Secure Standard, Comprehensive, Professional or Special Risk Cover
- the complete application for an increase to the Income Secure Standard, Comprehensive, Professional or Special Risk Cover monthly amount insured (in respect of the increased portion only).

Trauma recovery events marked with a '†' must be diagnosed and certified by a **medical practitioner** who is an appropriate specialist physician approved by us.

## 6.8 Income Secure Cover benefit limitations

### 6.8.1 One benefit payable

You are only entitled to one monthly amount insured payable for a life insured at any one time under this cover, even if the life insured suffers more than one **illness** or **injury** giving rise to **total** or **partial disability**. This applies to the Total Disability Benefit (see section 6.5.1), Partial Disability Benefit (see section 6.5.2), Specific Injury Benefit (see section 6.5.7), Trauma Recovery Benefit (see section 6.5.9), Nursing Care Benefit (see section 6.5.13) and benefits under the Accident Option (see section 6.7.1) and the Premier Accident Option (see section 6.7.2).

A separate waiting period applies for each separate **illness** or **injury** for which you are entitled to make a claim under this cover, unless it is a recurring claim (see section 6.3.1).

## 6.9 Income Secure Cover benefit reductions

The Total or Partial Disability Benefit we pay may be reduced if you or the life insured receive 'other payments' in respect of the life insured's **illness** or **injury**.

We will not reduce the Total Disability Benefit by **monthly earnings** attributable to the life insured working 10 hours\* or less per week or any **monthly earnings** which is less than 20% of their **pre-claim earnings** as described within the **totally disabled** definition. (Not applicable to Income Secure Special Risk.)

We will reduce the Total Disability Benefit we pay in a month so that the combined total of the amount we pay and the 'other payments' is no more than the greater of:

- the benefit otherwise payable; and
- 75% of the **pre-claim earnings** (or 80% if the Priority Income Option is shown on the Policy Schedule).

We will reduce the Partial Disability Benefit we pay in a month so that the combined total of the amount we pay and the 'other payments' is no more than the greater of:

- the benefit otherwise payable; and
- the **pre-claim earnings** less the **monthly earnings** for the month in which the life insured was **partially disabled** (as defined in Partial Disability Benefit in section 6.5.2).

For Income Secure Professional, 'other payments' are:

- payments received from any other disability income, illness or injury policies, including group insurance policies, that at the time of application or at the time of application for an increase in benefits, were not disclosed to us or that were disclosed to us but were to be replaced by this policy.

For Income Secure Comprehensive, Income Secure Standard and Income Secure Special Risk, 'other payments' are:

- payments received from any other disability income, illness or injury policies, including group insurance policies, that at the time of application or at the time of application for an increase in benefits, were not disclosed to us or that were disclosed to us but were to be replaced by this policy; and
- any compulsory insurance schemes such as Workers' Compensation or Accident Compensation for loss of income.

If any of the 'other payments' are received in the form of a lump sum, with all or a part of that lump sum as a payment in compensation for loss of earnings that cannot be allocated to specific months, we will convert that part of the compensation for loss of earnings to income on the basis of 1% of the loss of earnings component for each month that we pay the benefit, for a maximum of eight years. The balance of the lump sum, if any, will not be offset.

'Other payments' do not include:

- any business expenses disability insurance indemnifying against business expenses
- payments made to **dependant children**
- total and permanent disability benefits, trauma benefits, terminal illness benefits or lump sum superannuation benefits
- payment of sums awarded by a court for pain and suffering.

\* If at time of application, and again immediately prior to **disability** the life insured was working less than 30 hours per week, we will replace '10 hours' with 'five hours' for the purpose of determining if the life insured meets the definition of **partially disabled/totally disabled**.

## 6.10 Income Secure Cover exclusions

We cannot reimburse any expenses which:

- we are not permitted by law to reimburse; or
- are regulated by the *National Health Act 1953* or the *Private Health Insurance Act 2007*.

We will not pay benefits under Income Secure Cover if the claim is caused either directly or indirectly by:

- anything happening to the life insured in war (this exclusion does not apply to the Basic Death Benefit or the Enhanced Death Benefit); or
- the life insured's intentional act or omission; or
- the life insured's **uncomplicated pregnancy**, miscarriage or childbirth. However, if the life insured spends more than three months **totally disabled** (or either **totally** or **partially disabled** for Income Secure Professional) from the date their pregnancy ends and continues to be **totally disabled** (or either **totally** or **partially disabled** for Income Secure Professional), we will pay benefits from the end of that three month period or from the end of the duration of the waiting period if greater.

We will not pay any benefits under this cover for anything we have specifically excluded from the cover, as shown on the Policy Schedule.

## 6.11 When Income Secure Cover ends

Income Secure Cover for a life insured will end and our liability to pay any benefit under Income Secure Cover will cease automatically on the earlier of the:

- policy anniversary when the life insured is age 70
- cover expiry date shown on the Policy Schedule
- date we receive written notification from you to cancel the cover
- date we cancel and/or avoid the cover in accordance with our legal rights
- date we cancel and/or avoid the policy because you have not paid the premium when due
- date of the life insured's death.

If the life insured's occupation category shown on the Policy Schedule is R, Income Secure Cover for a life insured will end and our liability to pay any benefit under Income Secure Cover will cease automatically on the earlier of:

- any event listed above
- the date 12 months after the life insured became **unemployed**, unless the life insured is **unemployed** because they are **on claim**.

For Income Secure Professional, cover may continue subject to the provision of Cover Continuation set out in section 6.6.5.

## 6.12 Blood borne diseases

If the life insured is a health care professional and they contract a blood borne disease such as HIV, Hepatitis B or C, their ability to work can be affected by factors other than physical inability due to the illness.

The following is our approach to claims.

There are three scenarios that could affect the life insured. For all three scenarios the life insured must notify the relevant governing body of their medical condition:

- The life insured chooses to disclose their condition to their patients which may lead to some of their patients seeking medical treatment elsewhere. It could also be difficult for the life insured to attract new patients.
- The life insured chooses to cease performing 'exposure prone' procedures as defined by the relevant governing body.
- The life insured's governing body advises the life insured to cease performing 'exposure prone' procedures as defined by the relevant governing body.

With all of these scenarios it is likely that the life insured's income will reduce, especially for those professionals who have a high percentage of their income generated from performing 'exposure prone' procedures.

In all of these cases we will assess whether the life insured is **totally disabled** or **partially disabled** in accordance with the terms and conditions in these Policy Terms.

## 6.13 Income Secure Cover glossary

In this section, we define some expressions used throughout the Income Secure Cover section of the Policy Terms. Other definitions appear in section 14 and trauma conditions definitions appear in section 15.

**Disabled/Disability** means **totally disabled** or **partially disabled**.

**Following the advice of a medical practitioner** means the life insured is following the regular advice of the treating **medical practitioner** on an ongoing basis including recommended courses of treatment and rehabilitation.

**Involuntarily unemployed/Involuntary unemployment** means that the life insured becomes **unemployed** from their current job through no fault of their own. This may mean their work place is restructuring and they are made redundant and while the life insured is willing to work, that role is no longer available.

**Monthly earnings** means:

- if the life insured is self-employed or a working director, the gross monthly income generated by the business as a result of their personal exertion after allowing for the costs and expenses incurred in deriving that income; or
- if the life insured is independently **employed**, their monthly income earned from personal exertion by way of total remuneration package, including fringe benefits and any other type of remuneration calculated on a monthly basis.

### Partially disabled/Partial disability

If the life insured's occupation category shown on the Policy Schedule is P, E, D, A, F, I, C, M, S, L, T, H or HH, **partially disabled** means that due to **illness** or **injury** the life insured is:

- working in their **regular occupation** or any gainful occupation for more than 10 hours\* per week;
- or
- working in their **regular occupation** or any gainful occupation and is able to produce **monthly earnings** greater than 20% of their **pre-claim earnings**;
- or
- working for 10 hours\* or less per week and is not **totally disabled**;
- or
- not working and is not **totally disabled**;
- and
- solely due to **illness** or **injury** their **monthly earnings** are less than their **pre-claim earnings**;
- and
- is **following the advice of a medical practitioner** in relation to the **illness** or **injury** for which they are claiming.

\* If at time of application, and again immediately prior to **disability** the life insured was working less than 30 hours per week, we will replace '10 hours' with 'five hours' for the purpose of determining if the life insured meets the definition of **partially disabled/totally disabled**.

If the life insured's occupation category shown on the Policy Schedule is R, **partially disabled** means that due to **illness** or **injury** the life insured:

- during the first three years from the date of that **disability** is either:
    - unable to perform one or more of the duties necessary to produce income from their **regular occupation**, but has returned to work in their **regular occupation** or is working in another occupation and has **monthly earnings** less than their **pre-claim earnings**;
- or
- able to perform each and every duty necessary to produce income from their **regular occupation**, but is not working to their full capacity (including when no work is available) and their capacity to earn is less than their **pre-claim earnings**
- and after three years from the date of that **disability** is either:
    - unable to perform one or more of the duties necessary to produce income from their **regular occupation** or any other occupation that the life insured is reasonably capable of performing having regard to their education, training or experience, but has returned to work in their **regular occupation** or is working in another occupation and has **monthly earnings** less than their **pre-claim earnings**;

or

- able to perform each and every duty necessary to produce income from their **regular occupation** or any other occupation that they are reasonably capable of performing having regard to their education, training or experience, but is not working to their full capacity (including when no work is available) and their capacity to earn is less than their **pre-claim earnings**
- and is **following the advice of a medical practitioner** in relation to the **illness** or **injury** for which they are claiming.

**Pre-application income** is the life insured's **monthly earnings** for the 12 months immediately prior to the application for Income Secure Cover or as otherwise prescribed by us. The income amount is subject to verification by us after the provision of supporting financial evidence.

**Pre-claim earnings** means:

- for guaranteed benefit payments, the highest average of **monthly earnings** for any period of 12 consecutive months between two years before the cover commencement date and the start of the waiting period; and
- for indemnity benefit payments, the highest average of **monthly earnings** for any period of 12 consecutive months in the two years immediately prior to the life insured becoming **totally disabled** (or either **totally** or **partially disabled** for Income Secure Professional). If the life insured is on maternity, paternity or sabbatical leave and becomes **disabled**, the **pre-claim earnings** will be the highest average of **monthly earnings** for any period of 12 consecutive months in the two years immediately before the leave commenced.

Pre-claim earnings will be adjusted by the **indexation factor** after each 12 month period the life insured remains **on claim**.

**Regular occupation** means the occupation in which the life insured is regularly engaged at the time they suffer an **illness** or **injury**. If the life insured's occupation is limited to a recognised specialty within the scope of their degree or licence, the life insured's specialty is their occupation.

For periods of **total disability** or **partial disability** which occur while the life insured is **unemployed**, or on maternity, paternity or sabbatical leave, their **regular occupation** means the last occupation the life insured performed before **unemployment**, maternity leave, paternity leave or sabbatical leave.

After 12 months of **unemployment**, the life insured's **regular occupation** means any other occupation that they are reasonably capable of performing with regard to their education, training or experience.

### Totally disabled/Total disability

If the life insured's occupation category shown on the Policy Schedule is P, E, D, A, F, I, C, M, S, L or T, **totally disabled** means that the life insured is **following the advice of a medical practitioner** in relation to the **illness or injury** and due to that **illness or injury**:

- is not working in their **regular occupation** or any gainful occupation and is unable to perform one or more duties necessary to produce income from their **regular occupation**;

or

- is working in their **regular occupation** or any gainful occupation and is not working more than 10 hours\* per week and is unable to perform the duties necessary to produce income from their **regular occupation** for more than 10 hours\* per week;

or

- is working in their **regular occupation** or any gainful occupation and solely due to the **illness or injury** is unable to produce **monthly earnings** greater than 20% of their **pre-claim earnings**.

\* If at time of application, and again immediately prior to **disability** the life insured was working less than 30 hours per week, we will replace '10 hours' with 'five hours' for the purpose of determining if the life insured meets the definition of **partially disabled/totally disabled**.

If the life insured's occupation category shown on the Policy Schedule is H or HH, **totally disabled** means that the life insured is **following the advice of a medical practitioner** in relation to the **illness or injury** and due to that **illness or injury**:

During the first three years from the date of that **disability**:

- is not working in their **regular occupation** or any gainful occupation and is unable to perform one or more duties necessary to produce income from their **regular occupation**;

or

- is working in their **regular occupation** or any gainful occupation and is not working more than 10 hours\* per week and is unable to perform the duties necessary to produce income from their **regular occupation** for more than 10 hours\* per week;

or

- is working in their **regular occupation** or any gainful occupation and solely due to the **illness or injury** is unable to produce **monthly earnings** greater than 20% of their **pre-claim earnings**.

After three years from the date of that **disability**:

- is not working in their **regular occupation** or any gainful occupation and is unable to perform one or more

duties necessary to produce income from their **regular occupation** or any gainful occupation they are reasonably capable of performing having regard to their education, training or experience; or

- is unable to perform the duties necessary to produce income from their **regular occupation** or any gainful occupation they are reasonably capable of performing having regard to their education, training or experience for more than 10 hours\* per week and are not working more than 10 hours\* per week.

\* If at time of application, and again immediately prior to **disability** the life insured was working less than 30 hours per week, we will replace '10 hours' with 'five hours' for the purpose of determining if the life insured meets the definition of **partially disabled/totally disabled**.

If the life insured's occupation category shown on the Policy Schedule is R, **totally disabled** means that due to **illness or injury** the life insured is **following the advice of a medical practitioner** in relation to the **illness or injury** for which they are claiming and:

- during the first three years from the date of that **disability**, is unable to perform each and every duty necessary to produce income from their **regular occupation** as confirmed by a **medical practitioner**;
- after three years from the date of that **disability**, is unable to perform each and every duty necessary to produce income from their **regular occupation** or any other occupation they are reasonably capable of performing having regard to their education, training or experience as confirmed by a **medical practitioner**; and
- is not engaged in their **regular occupation** nor any other gainful occupation.

**Uncomplicated pregnancy** means conditions commonly associated with pregnancy such as: morning sickness, backache, varicose veins, ankle swelling, bladder problems, post-natal depression, multiple pregnancy, threatened miscarriage, participation in an IVF or similar program.

**Unemployed/Unemployment** means that the life insured is not engaged in any gainful occupation for salary, reward or profit. It does not include sabbatical, maternity or paternity leave.

## 7.1 Monthly amount insured

The monthly amount insured shown on the Policy Schedule may be used to calculate:

- the Total Disability Benefit (see section 7.5.1); and
- the Partial Disability Benefit (see section 7.5.2); and
- other built-in benefits, built-in features and options (at extra cost) applicable to the type of Business Expense Cover selected.

The monthly amount insured may be adjusted by increases under indexation if selected (see section 11.1).

The monthly amount insured is based on the life insured's **business expenses**. At the time of application you are required to provide satisfactory financial evidence. If the guaranteed benefit payment type applies, you must inform us if that financial evidence is revised at any time after you applied for this cover. We may adjust the monthly amount insured based on the revised evidence.

## 7.2 Monthly amount insured payable

The monthly amount insured may be used to determine the monthly amount you will be paid under the benefits provided by this cover while the life insured is **on claim**.

The monthly amount insured payable depends on the benefit payment type (Guaranteed or Indemnity) that you have selected.

The Policy Schedule will show whether you have selected a guaranteed or indemnity benefit payment type. These benefit payment types are described below.

### 7.2.1 Guaranteed benefit payment type

For a guaranteed benefit payment type, we require that you provide satisfactory financial evidence for the purpose of determining the monthly amount insured.

We guarantee that in the event of a claim, we will not review or reassess the monthly amount insured shown on the Policy Schedule.

The monthly amount insured payable is the monthly amount insured shown on the Policy Schedule. This may be reduced if the life insured receives certain other payments whilst **on claim** (see section 7.9).

### 7.2.2 Indemnity benefit payment type

If you selected the indemnity benefit payment type, the monthly amount insured payable may be less than the monthly amount insured shown on the Policy Schedule depending on your share of **business expenses** at the time of claim.

The monthly amount insured payable is the lesser of the:

- monthly amount insured shown on the Policy Schedule
- life insured's share of the **business expenses** which are incurred while the life insured is **disabled**.

If more than one person generates income in the life insured's **business**, we distribute the **business expenses** in the same proportion as their share of **business income** prior to claim between the life insured and the other person(s) to determine the life insured's share, unless we agree to divide the **business expenses** on a different basis.

We only pay benefits if receipts are produced within 90 days of the date the **business expenses** were incurred.

The monthly amount insured payable may be reduced if the life insured receives certain other payments whilst **on claim** (see section 7.9).

Under the indemnity benefit payment type, we require you to provide satisfactory financial evidence for the purpose of determining the life insured's **business expenses** at the time of claim.

## 7.3 Waiting period

The Policy Schedule will show the waiting period that applies to the cover.

Some benefits are payable during the waiting period. Where benefits are payable during the waiting period it is mentioned in the relevant sections of these Policy Terms.

The waiting period starts the day the life insured consults a **medical practitioner** and receives advice confirming **disability**. Where it can be substantiated that the **disability** commenced before receiving advice from a **medical practitioner**, the start of the waiting period may be backdated up to seven days with written confirmation.

A separate waiting period applies for each separate **illness** or **injury** of the life insured which causes **disability** for which you can claim under this cover unless it is a recurring claim.

The waiting period is subject to change in respect of recurring claims (see section 7.3.1).

### 7.3.1 Recurring claims

If the life insured has been **on claim** and another claim is made in respect of the life insured arising from the same or related **illness** or **injury**, we will treat the subsequent claim as a continuation of the previous claim and the waiting period is waived provided that the **illness** or **injury** recurs within six months of the date the life insured was last **on claim**.

If after six months from the date the life insured was last **on claim**, then it will be considered to be a separate claim and a new waiting period will apply. The life insured must have returned to full-time work for at least six continuous months in order for us to consider the claim as a separate claim.

## 7.4 Benefit period

The benefit period is the maximum period of time that you will be paid a benefit for any one **illness** or **injury** while the life insured is **totally** or **partially disabled**. The benefit period is 12 months.

The benefit period starts at the end of the waiting period and continues until the earlier of the:

- end of the benefit period of 12 months
- cover expiry date
- life insured is no longer **partially** or **totally disabled**
- date of the life insured's death
- date on which the cover ends or is cancelled.

If a claim is treated as a recurring claim (see section 7.3.1), and the waiting period is waived, the benefit period will be reduced by any previous periods for which benefits were paid for that **illness** or **injury**.

If a claim is treated as a separate claim and a new waiting period applied then the benefit period recommences.

If at the end of the maximum period of 12 months the benefits we have paid to you are less than 12 times the monthly amount insured shown on the Policy Schedule, we will extend the period for which benefits are payable while the life insured is still **disabled**.

The extension may be up to 12 months, but not beyond the cover expiry date. The cumulative total of benefits under the Business Expense Cover cannot exceed 12 times the monthly amount insured shown on the Policy Schedule.

## 7.5 Business Expense Cover built-in benefits

### 7.5.1 Total Disability Benefit

If the life insured is **totally disabled** due to **illness** or **injury**, we will pay the Total Disability Benefit during the benefit period after the completion of the waiting period. To be eligible to receive this benefit the life insured must have been:

**(Applies if the life insured's occupation is shown on the Policy Schedule as Category P, E, D, A, F, I, C, M, S, L, or T.)**

- **totally disabled** for seven out of 12 consecutive days during the waiting period
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 7.3.1).

**(Applies if the life insured's occupation is shown on the Policy Schedule as Category H or HH.)**

- **totally disabled** for 30 consecutive days during the waiting period (or 14 consecutive days if you have a 14 day waiting period)
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 7.3.1).

**(Applies if the life insured's occupation is shown on the Policy Schedule as Category A, C, D, E, F, I, P and the life insured also has an in force Income Secure Professional policy.)**

- **disabled** during the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 7.3.1).

We will stop paying this benefit when the life insured is no longer **totally disabled**.

The Total Disability Benefit is the monthly amount insured payable as defined in section 7.2.

The Total Disability Benefit is payable monthly in arrears. If a period of payment is less than a month, we pay  $\frac{1}{30}$  of the Total Disability Benefit for each day of the period.

## 7.5.2 Partial Disability Benefit

If the life insured is **partially disabled** due to **illness** or **injury**, we will pay the Partial Disability Benefit during the benefit period after the completion of the waiting period. To be eligible to receive this benefit the life insured must have been:

**(Applies if the life insured's occupation is shown on the Policy Schedule as Category P, E, D, A, F, I, C, M, S, L, or T.)**

- **totally disabled** for seven out of 12 consecutive days during the waiting period
- **disabled** for the remainder to the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 7.3.1).

**(Applies if the life insured's occupation is shown on the Policy Schedule as Category H or HH.)**

- **totally disabled** for 30 consecutive days during the waiting period (or 14 consecutive days if you have a 14 day waiting period)
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 7.3.1).

**(Applies if the life insured's occupation is shown on the Policy Schedule as Category A, C, D, E, F, I, P and the life insured also has an in force Income Secure Professional policy.)**

- **disabled** during the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a recurring claim – see section 7.3.1).

We will stop paying this benefit when the life insured is no longer **partially disabled**.

The Partial Disability Benefit is payable monthly in arrears. If a period of payment is less than a month, we pay  $\frac{1}{30}$  of the Partial Disability Benefit for each day of the period.

### Calculating the Partial Disability Benefit

The Partial Disability Benefit is calculated as follows:

$$\frac{(A - B)}{A} \times C$$

where:

A = the life insured's share of the average of monthly **pre-claim business income** during the 12 months before the **disability**.

B = the life insured's share of **business income** for the month in which they are **partially disabled**. If the life insured is **partially disabled** and is not working to their capability as a result of causes other than **illness** or **injury** and this situation continues for at least three months, then 'B' will be the life insured's share of **business income** that could reasonably be expected to earn if they were working to the extent of their capability.

In determining what the life insured could reasonably be expected to earn if they were working to the extent of their capability, we will take into account available medical evidence (including the opinion of the life insured's **medical practitioner**) and any other relevant considerations directly related to the life insured's medical condition (including information provided by the life insured).

If we are making monthly payments and intend to adjust future payments due to a change in how we calculate 'B', we will notify you 30 days prior to this taking place.

'B' must be less than the amount of 'A'. If 'B' is negative in a month, we will treat 'B' as zero.

C = the monthly amount insured payable as described in section 7.2.

## 7.5.3 Death Benefit

If the life insured is covered under Business Expense Cover, three times the monthly amount insured is payable as a lump sum if the life insured dies or is diagnosed with a **terminal illness** whilst the cover is in force.

We will pay this benefit once only. If we pay the Death Benefit for **terminal illness**, we will not also pay it upon the death of the life insured.

We pay this benefit for **terminal illness** in addition to any other benefits payable while the life insured is **on claim** under this cover.

The maximum amount payable under this benefit for death or **terminal illness** from all Business Expense Covers for the life insured under all policies issued by us is \$60,000.

The life insured does not need to have been **on claim** for this benefit to be payable.

## 7.5.4 No Claim Benefit

If, for three consecutive years after the policy start date, both:

- the policy has been continuously in force; and
- the life insured has not been **on claim** and you have not been eligible to make a claim for the life insured under the cover;

we will double any Death Benefit payable under this cover from the third anniversary of the cover start date.

The doubling of the Death Benefit only applies to a claim which arises from an event occurring after the third anniversary of the cover start date.

## 7.6 Business Expense Cover built-in features

### 7.6.1 Waiver of Premium

We will waive premiums for cover for the life insured that relates to periods of time whilst the life insured is **on claim** under this cover, or **disabled** beyond the end of the waiting period and otherwise eligible for the payment of a benefit under this cover before benefit reductions are applied (see section 7.9).

If we waive a premium for this cover we will also waive the premium that relates to the waiting period.

If we are waiving premiums for all covers on a policy for a life insured, we will also waive the Policy Fee for that life insured.

### 7.6.2 Increasing Expenses

This feature allows you to increase the monthly amount insured in line with changes in the life insured's average monthly **business expenses** without having to undergo medical underwriting. Each year on the policy anniversary, you may increase the monthly amount insured, in addition to any indexation increase, by an amount up to 15% of the monthly amount insured after the indexation increase applicable on that policy anniversary is applied.

If more than three years have passed since the commencement of this policy and an increase in cover under this feature has not occurred in the previous three years, the maximum individual increase available under this feature is \$1,000.

You will be required to complete the relevant form and provide:

- financial evidence supporting the increase in cover; and
- confirmation that the life insured is actively at work and expects their **business income**, as well as their personal income (**monthly earnings**), to continue at or above the current level; and
- evidence the life insured is conducting **business** as a sole trader, partnership or working director.

The application to increase the monthly amount insured must be made within 30 days of the policy anniversary.

This feature cannot be exercised if the life insured is **on claim**, or eligible to make a claim.

This feature is only available if the life insured is less than age 50 at the cover start date. To increase cover under this feature, the life insured must be less than age 55, and the monthly amount insured across all Business Expense Cover for the life insured, including this increase, does not exceed \$60,000.

This feature is not available for cover that has been issued with medical loadings greater than 50% as shown on the Policy Schedule .

The total of all increases in the monthly amount insured under Increasing Expenses cannot exceed the original monthly amount insured at the cover start date.

### 7.6.3 Premium Break

If the life insured sells or ceases to own or operate a business for which the business expense cover was insuring, you can request to pause paying premiums for up to 12 consecutive months, with the option to recommence cover at the end of the 12 month period if:

- you have paid premiums for the previous 24 consecutive months; and
- there is no premium amount outstanding at the time of activating the Premium Break.

No benefits are payable under this cover during the period in which the Premium Break is activated. Indexation of the monthly amount insured will not apply whilst the Premium Break is activated.

You must request to activate the premium break no later than 30 days after the life insured ceases to own or operate the business.

If Business Expenses is the only cover in force for that life insured, we will also pause the Policy Fee for that life insured for the duration of the Premium Break. If there are other covers in force for that life insured under the policy, the Policy Fee will not be paused and will continue to be charged, along with the premiums in respect of the other covers.

The Premium Break will automatically cease at the end of the 12 consecutive month period. We will notify you 30 days before the Premium Break will cease. If Business Expense Cover is not reinstated by you within 30 days, Business Expense Cover will be cancelled.

You may apply to stop the Premium Break, and recommence cover, at any time within the 12 months (but not within three months of activating the Premium Break). Resumption of cover from Premium Break prior to the end of the 12 month period is subject to our approval and receipt of the premium payable.

The premium payable upon resumption from Premium Break will be calculated on the age and monthly amount insured at the date of the last policy anniversary.

There is no cover and no benefit payable under this feature in respect of **illness** or **injury** that becomes **reasonably apparent** while premiums are being paused or in the first 90 days after each resumption of cover from Premium Break.

## 7.7 Business Expense Cover options (at extra cost)

### 7.7.1 Accident Option

**(This option applies to Business Expense Cover for a life insured if it is shown on the Policy Schedule.)**

If, as a result of an **injury**, the life insured is **totally disabled** for 14 consecutive days from the start of the waiting period, we will pay the monthly amount insured payable. The **total disability** must commence within 30 days of the date of the **injury**. The Accident Option is only available if your waiting period is 14 or 30 days.

This benefit option is payable during the waiting period.

### 7.7.2 Premier Accident Option

**(This option applies to Business Expense Cover for a life insured if it is shown on the Policy Schedule.)**

If, as a result of an **injury**, the life insured is **totally disabled** for three consecutive days from the start of the waiting period, we will pay  $\frac{1}{30}$  of the monthly amount insured payable (as defined in section 7.2) for each day the life insured is **totally disabled** during the waiting period. The **total disability** must commence within 30 days of the date of the **injury**. The Premier Accident Option is only available if your waiting period is 14 or 30 days.

This benefit option is payable during the waiting period.

## 7.8 Business Expense Cover benefit limitations

### 7.8.1 One benefit payable

You are only entitled to one monthly amount insured payable for a life insured at any one time under this cover, even if the life insured suffers more than one **illness** or **injury** giving rise to **total** or **partial disability**. A separate waiting period applies for each separate **illness** or **injury** for which you are entitled to make a claim under the cover, unless it is a recurring claim (see section 7.3.1).

## 7.9 Business Expense Cover benefit reductions

If you or the life insured receive business expense benefits from other insurance policies in respect of the life insured's **illness** or **injury**, we reduce any benefit payable under this policy in respect of Business Expense Cover by the amount of those other benefits.

## 7.10 Business Expense Cover exclusions

We will not pay benefits under Business Expense Cover if the claim is caused either directly or indirectly by:

- anything happening to the life insured in war (this exclusion does not apply to the Death Benefit); or
- the life insured's intentional act or omission; or
- the life insured's **uncomplicated pregnancy**, miscarriage or childbirth. However, if the life insured spends more than three months **totally disabled** from the date their pregnancy ends and continues to be **totally disabled**, we will pay benefits from the end of that three month period.

For policies applied for from the 26th May 2012 we will not pay any benefits under this cover if at the time of **illness** or **injury** giving rise to the **disability** you cease to own or operate a business.

We will not pay any benefits under this cover for anything we have specifically excluded from the cover, as shown on the Policy Schedule.

## 7.11 When Business Expense Cover ends

Business Expense Cover for a life insured will end and our liability to pay any benefit under Business Expense Cover will cease automatically on the earlier of the:

- policy anniversary when the life insured is age 65
- cover expiry date shown on the Policy Schedule
- date we receive written notification from you to cancel the cover
- date we cancel and/or avoid the cover in accordance with our legal rights
- date we cancel and/or avoid the policy because you have not paid the premium when due
- date of the life insured's death.

## 7.12 Blood borne diseases

If the life insured is a health care professional and they contract a blood borne disease such as HIV, Hepatitis B or C, their ability to work can be affected by factors other than physical inability due to the illness.

The following is our approach to claims.

There are three scenarios that could affect the life insured. For all three scenarios the life insured must notify the relevant governing body of their medical condition.

- The life insured chooses to disclose their condition to their patients which may lead to some of their patients seeking medical treatment elsewhere. It could also be difficult for the life insured to attract new patients.
- The life insured chooses to cease performing 'exposure prone' procedures as defined by the relevant governing body.
- The life insured's governing body advises the life insured to cease performing 'exposure prone' procedures as defined by the relevant governing body.

With all of these scenarios it is likely that the life insured's **business income** will reduce, especially for those professionals who have a high percentage of their **business income** generated from performing 'exposure prone' procedures.

In all of these cases we will assess whether the life insured is **totally disabled** or **partially disabled** in accordance with the terms and conditions in the Policy Terms.

## 7.13 Business Expense Cover glossary

In this section, we define some expressions used throughout the Business Expense Cover section of the Policy Terms. Other definitions appear in section 14.

- cost of goods or merchandise, cost of implements of the life insured's profession
- premiums payable on this Business Expense Cover
- salaries and superannuation contributions for employees directly involved in the generation of income
- depreciation and the purchase cost of any assets, tools or other capital items.

We will apportion pre-paid or accrued **business expenses**, or **business expenses** which are paid or payable in a lump sum, over the period to which they relate.

If more than one person generates income in the life insured's **business**, we distribute the **business expenses** proportionally between the life insured and the other person(s), to determine the life insured's share, unless we agree to divide the **business expenses** on a different basis.

For indemnity benefit payment type we only pay benefits if receipts are produced within 90 days of the date the **business expenses** were incurred.

**Business income** is the gross income generated by the **business** before expenses and tax.

**Disabled/Disability** means **totally disabled** or **partially disabled**.

**Following the advice of a medical practitioner** means the life insured is following the regular advice of the treating **medical practitioner** on an ongoing basis, including recommended courses of treatment and rehabilitation.

### **Partially disabled/Partial disability**

For all occupation categories, **partially disabled** means that due to **illness** or **injury** the life insured is:

- working in their **regular occupation** or any gainful occupation for more than 10 hours\* per week;
- or
- working for 10 hours\* or less per week and is not **totally disabled**;

or

- not working and they are not **totally disabled**;

and

- solely due to **illness** or **injury** their **business income** is less than their **pre-claim business income**;

and

- is **following the advice of a medical practitioner** in relation to the **illness** or **injury** for which they are claiming.

\* If at time of application, and again immediately prior to **disability** the life insured was working less than 30 hours per week, we will replace '10 hours' with 'five hours' for the purpose of determining if the life insured meets the definition of **partially disabled/totally disabled**.

**Pre-claim business income** means:

- for guaranteed benefit payments, the highest average of the monthly **business income** for any period of 12 consecutive months between immediately prior to the life insured becoming **totally disabled** and two years prior to the cover start date
- for indemnity benefit payments, the highest average of the monthly **business income** for any period of 12 consecutive months in the two years immediately prior to the life insured becoming **totally disabled**.

**Regular occupation** means the occupation in which the life insured is regularly engaged at the time they suffer an **illness** or **injury**. If the life insured's occupation is limited to a recognised specialty within the scope of their degree or licence, the life insured's specialty is their occupation.

For periods of **total disability** or **partial disability** which occur while the life insured is **unemployed**, or on maternity, paternity or sabbatical leave, their **regular occupation** means the last occupation the life insured performed before **unemployment**, maternity leave, paternity leave or sabbatical leave.

After 12 months **unemployment**, the life insured's **regular occupation** is any other occupation that they are reasonably capable of performing with regard to their education, training or experience.

**Totally disabled/Total disability**

For all occupation categories, **totally disabled** means that due to **illness** or **injury** the life insured is:

- not working in any gainful occupation;

and

- is unable to perform one or more of the duties necessary to produce income from their **regular occupation**;

and

- is **following the advice of a medical practitioner** in relation to the **illness** or **injury** for which they are claiming;

or

- working in their **regular occupation** or any gainful occupation;

and

- is not working for more than 10 hours\* per week;

and

- is unable to perform the duties necessary to produce income from their **regular occupation** for more than 10 hours\* per week;

and

- is **following the advice of a medical practitioner** in relation to the **illness** or **injury** for which they are claiming.

\* If at time of application, and again immediately prior to **disability** the life insured was working less than 30 hours per week, we will replace '10 hours' with 'five hours' for the purpose of determining if the life insured meets the definition of **partially disabled/totally disabled**.

# 8. Living Expense Cover

The Policy Schedule will show if Living Expense Cover applies to a life insured, and if so:

- the Living Expense Cover monthly amount insured; and
- the Living Expense Cover waiting period; and
- the Living Expense Cover benefit period.

The Living Expense Cover built-in benefits and built-in features are listed in the table below with references to the relevant sections in these Policy Terms where more details can be found.

	Refer to section
<b>Built-in benefits</b>	
Living Expense Benefit	8.5.1
Death Benefit	8.5.2
Specific Injury Benefit	8.5.3
<b>Built-in features</b>	
Waiver of Premium	8.6.1
Indexation	11.1

## 8.1 Monthly amount insured

The monthly amount insured shown on the Policy Schedule may be used to calculate:

- the Living Expense Benefit (see section 8.5.1)
- the Death Benefit (see section 8.5.2)
- the Specific Injury Benefit (see section 8.5.3).

The monthly amount insured may be adjusted by increases under indexation if selected (see section 11.1).

## 8.2 Monthly amount insured payable

Under Living Expense Cover we offer guaranteed payment.

We guarantee that in the event of a claim, we will not review or reassess the monthly amount insured shown on the Policy Schedule.

The monthly amount insured payable is the monthly amount insured shown on the Policy Schedule. This may be reduced if the life insured receives certain other payments whilst **on claim** (see section 8.8).

## 8.3 Waiting period

The Policy Schedule will show the waiting period that applies to the cover.

The waiting period starts the day the life insured consults a **medical practitioner** and receives advice confirming **significant disability**. Where it can be substantiated that **significant disability** commenced before receiving advice from a **medical practitioner**, the start of the waiting period may be backdated up to seven days with written confirmation.

A separate waiting period applies for each separate **illness** or **injury** of the life insured which causes **significant disability** for which you can claim under this cover, unless it is a recurring claim.

The waiting period is subject to change in respect of recurring claims.

If the life insured has been **on claim** and another claim is made in respect of the life insured, arising from the same or related **illness** or **injury**, we will treat the subsequent claim as a continuation of the previous claim and the waiting period is waived provided that the **illness** or **injury** recurs within 12 months of the date the life insured was last **on claim**.

If such a claim recurs after 12 months from the date the life insured was last **on claim**, then it will be considered to be a separate claim and a new waiting period will apply.

## 8.4 Benefit period

The benefit period is the maximum period of time that you will be paid a benefit for any one **illness** or **injury** while the life insured is **significantly disabled**. The Policy Schedule will show the benefit period that applies for the cover.

The benefit period starts at the end of the waiting period and continues until the earlier of the:

- end of the benefit period shown on the Policy Schedule
- cover expiry date
- life insured is no longer **significantly disabled**
- date of the life insured's death
- date on which the cover is cancelled.

If a claim is treated as a recurring claim (see section 8.3) and the waiting period has been waived, then the benefit period is reduced by any previous periods for which benefits were paid for that **illness** or **injury**.

If the claim is treated as a separate claim, a new waiting period applies and then the benefit period recommences.

## 8.5 Living Expense Cover built-in benefits

### 8.5.1 Living Expense Benefit

If the life insured is **significantly disabled** due to **illness** or **injury**, we will pay the Living Expense Benefit during the benefit period after the completion of the waiting period. To be eligible to receive this benefit the life insured must have been continuously **significantly disabled**:

- during the waiting period; and
- since the end of the waiting period (unless claiming as a recurring claim – see section 8.3).

We will stop paying this benefit when the life insured is no longer **significantly disabled**.

The Living Expense Benefit is the monthly amount insured payable as defined in section 8.2.

The Living Expense Benefit is payable monthly in arrears. If a period of payment is less than a month, we pay  $\frac{1}{30}$  of the Living Expense Benefit for each day of the period.

### 8.5.2 Death Benefit

If the life insured is covered under Living Expense Cover, three times the monthly amount insured is payable as a lump sum if the life insured dies or is diagnosed with a **terminal illness** whilst the cover is in force.

We will pay this benefit once only. If we pay the Death Benefit for **terminal illness**, we will not also pay it upon the death of the life insured.

We pay this benefit for **terminal illness** in addition to any other benefits payable while the life insured is **on claim** under this cover.

The life insured does not need to have been **on claim** for this benefit to be payable.

### 8.5.3 Specific Injury Benefit

We will pay you the monthly amount insured payable if the life insured suffers a specific injury (as set out in the table) before their 65th birthday while the cover is in force.

This benefit is payable whether or not the life insured is **significantly disabled** or in need of ongoing medical treatment. This benefit is payable during the waiting period.

You can choose to be paid the Specific Injury Benefit either as:

- a lump sum payment, calculated by multiplying the monthly amount insured by relevant payment period for that specific injury as set out in the table. If the specific injury occurs within six months of the Cover Expiry Date, as shown on the Policy Schedule the lump sum amount will be calculated by multiplying the monthly amount insured by the number of months remaining until the Cover Expiry Date. If we have paid a lump sum and the life insured dies before the end of the payment period, we will pay appropriate death benefit;

or

- in advance each month until the earliest of the:
  - end of the relevant payment period for that specific injury as set out in the table; or
  - Cover Expiry Date; or
  - date of the life insured's death.

If the life insured suffers more than one specific injury at the same time, we will pay for one specific injury only and this will be the specific injury with the longest payment period.

If the life insured is **significantly disabled** at the end of the payment period due to the specific injury for which we have paid the benefit, we will pay the Living Expense Benefit from the latter of the:

- end of the payment period for the Specific Injury Benefit; and
- end of the waiting period.

The life insured must have been **significantly disabled** during the waiting period (see section 8.3). The commencement of the waiting period is defined in section 8.3.

The following table shows the specific injuries and their relevant payment periods.

Specific injury	Payment period
Paralysis*	6 months
Loss of limbs <sup>^</sup>	3 months
Loss of sight <sup>#</sup>	3 months

\* Paralysis means the total and permanent loss of function of two or more limbs.

<sup>^</sup> Loss of limbs means the total and permanent loss of the use of the whole of both hands or the whole of both feet or a combination of a whole hand and whole foot.

<sup>#</sup> Loss of sight means the irrecoverable total loss of sight in both eyes.

The diagnosis of the specific injury must be made by an appropriate specialist **medical practitioner** and confirmed by our medical adviser.

## 8.6 Living Expense Cover built-in features

### 8.6.1 Waiver of Premium

We will waive premiums for this cover whilst the life insured is **on claim** under this policy, or **disabled** beyond the end of the waiting period and otherwise eligible for the payment of a benefit under this cover before benefit reductions are applied (see section 8.8).

If we waive a premium for this cover we will also waive the premium that relates to the waiting period.

If we are waiving premiums for all covers on a policy for a life insured, we will also waive the Policy Fee for that life insured.

## 8.7 Living Expense Cover benefit limitations

### 8.7.1 One benefit payable

You are only entitled to one monthly Living Expense Benefit for a life insured at any one time, even if the life insured suffers more than one **illness or injury** giving rise to a **significant disability**. A separate waiting period applies for each separate **illness or injury** for which you are entitled to make a claim under the cover (see section 8.3).

## 8.8 Living Expense Cover benefit reductions

We will reduce the monthly amount insured payable in any month by the amount of 'other payments' received by you or the life insured for the purpose of income replacement due to **illness or injury**.

'Other payments' include:

- payments received from any other disability income, illness or injury policies, including group insurance policies, that at the time of application, or at the time of application for an increase in benefits, were not disclosed to us, or that were disclosed to us but were to be replaced by this policy; and
- any compulsory insurance schemes such as Workers' Compensation or Accident Compensation for loss of income.

If any of the 'other payments' are received in the form of a lump sum, with all or a part of that lump sum as a payment in compensation for loss of earnings that cannot be allocated to specific months, we will convert that part of the compensation for loss of earnings to income on the basis of 1% of the loss of earnings component for each month that we pay the benefit, for a maximum of eight years. The balance of the lump sum, if any, will not be offset.

'Other payments' do not include:

- any business expenses disability insurance indemnifying against business expenses
- payments made to **dependant children**
- total and permanent disability benefits, trauma benefits, terminal illness benefits or superannuation benefits
- payment of sums awarded by a court for pain and suffering.

## 8.9 Living Expense Cover exclusions

We will not pay benefits under Living Expense Cover if the claim is caused either directly or indirectly by:

- anything happening to the life insured in war (this exclusion does not apply to the Death Benefit); or
- the life insured's intentional act or omission; or

- the life insured's **uncomplicated pregnancy**, miscarriage or childbirth. However, if the life insured spends more than three months **significantly disabled** from the date their pregnancy ends and continues to be **significantly disabled**, we will pay benefits from the end of that three month period or from the end of the duration of the waiting period if greater.

We will not pay any benefits under this cover for anything we have specifically excluded from the cover, as shown on the Policy Schedule.

## 8.10 When Living Expense Cover ends

Living Expense Cover for a life insured will end and our liability to pay any benefit under Living Expense Cover will cease automatically on the earlier of the:

- policy anniversary when the life insured is age 80
- cover expiry date shown on the Policy Schedule
- date we receive written notification from you to cancel the cover
- date we cancel and/or avoid the cover in accordance with our legal rights
- date we cancel and/or avoid the policy because you have not paid the premium when due
- date of the life insured's death.

## 8.11 Living Expense Cover glossary

**Significantly disabled/Significant disability** means that as a result of **illness or injury** the life insured:

- is totally unable to perform at least two of the following five **activities of daily living** without the assistance of another adult person:
  - bathing and/or showering
  - dressing and undressing
  - eating and drinking
  - using a toilet to maintain personal hygiene
  - getting in and out of bed, a chair or wheelchair, or moving from place to place by walking, wheelchair, or with assistance of a walking aid;

or

- is suffering from a total deterioration or loss of intellectual capacity that requires the life insured to be under continuous care and supervision by another adult person.

Certification by a **medical practitioner** approved by us is required.

The Policy Schedule will show if Child Cover applies, with the name(s) of the insured child or children and the Child Cover amount insured.

The Child Cover built-in benefits and built-in features are listed in the table below with references to the relevant sections in these Policy Terms where more details can be found.

## 9.1 Child Cover built-in benefits

### 9.1.1 Child Cover Benefit

If one of the specified trauma conditions (set out below and defined in section 15) first occurs or is first diagnosed for an insured child, and symptoms leading to the trauma condition occurring or being diagnosed only first become **reasonably apparent**, or if the insured child dies, while the Trauma Cover for the insured child is in force, we will pay the Child Cover amount insured as a lump sum payment.

We require the diagnosis and certification of a trauma condition:

- by a **medical practitioner**; and
- agreed to by us.

For some trauma conditions the **medical practitioner** must be an appropriate specialist approved by us (see section 9.1.1.2).

#### 9.1.1.1 Maximum amounts

The maximum amount of Child Cover for each insured child that can be applied for is \$200,000.

The amount insured will be adjusted by increases under indexation, if applicable (see section 11.1).

#### 9.1.1.2 Trauma conditions

If you have Child Cover, the trauma conditions the insured child is covered for are those specified in the list below. The definitions for the trauma conditions can be found in section 15.

- **aplastic anaemia**
- **blindness (severe)**
- **brain damage<sup>†</sup>**

- **brain tumour (benign)<sup>†</sup>**
- **burns (severe)**
- **cancer<sup>\*\*†</sup>**
- **cardiomyopathy**
- **deafness (severe)**
- **encephalitis**
- **head trauma (major)<sup>†</sup>**
- **kidney failure (chronic)**
- **loss of speech**
- **loss or paralysis of limb**
- **meningitis and/or meningococcal disease**
- **organ transplant**
- **spinal tumour (benign)<sup>†</sup>**
- **stroke<sup>\*\*†</sup>**
- **terminal illness<sup>†</sup>.**

Trauma conditions marked with a **\*\*** are subject to a 90 day qualifying period before cover commences (see section 9.1.1.3).

Trauma conditions marked with a **†** must be diagnosed and certified by a **medical practitioner** who is an appropriate specialist physician approved by us.

#### 9.1.1.3 90 day qualifying period

Unless this cover is replacing similar existing insurance, there is no cover and no benefit will be payable in respect of the trauma conditions marked with an **\*\*** if:

- the condition first occurs or is first diagnosed; or
- the symptoms leading to the condition occurring, or being diagnosed first become **reasonably apparent**

during the first 90 days after the date that OnePath Life receives:

- the complete application for Child Cover; or
- a written request for the reinstatement of Child Cover; or
- the complete application for an increase to the Child Cover amount insured (in respect of the increased portion only).

In addition, if the insured child suffers **cancer** during the 90 day qualifying period, we will not pay a Child Cover Benefit for any other related occurrences of **cancer** or trauma conditions which result from that **cancer** at any time.

This qualifying period will not apply to that part of the Child Cover amount insured which replaces similar insurance under a policy issued by another insurer if:

- the 90 day qualifying period has expired for the same conditions or events on the policy to be replaced (including qualifying periods applied to the policy after its commencement due to, for example, reinstatements or increases); and

- the policy to be replaced is cancelled immediately after the issue of this policy; and
- no claim is payable or pending under the policy to be replaced.

Where the Child Cover amount insured under this policy exceeds that of the policy to be replaced, the 90 day qualifying period will apply to the excess amount.

### 9.1.2 Accommodation Benefit

If we pay the Child Cover amount insured for an insured child, and a **medical practitioner** certifies that the insured child must remain confined to bed due to the trauma condition for which we paid the Child Cover Benefit and:

- the insured child is more than 100 kilometres from their **home** and an **immediate family member** is required to travel from their **home** to be with the insured child; or
- an **immediate family member** is required to travel more than 100 kilometres from their **home** to be with the insured child;

we will reimburse the accommodation costs of the insured child's **immediate family member** up to a maximum of \$500 per day for each day while the insured child remains confined to bed and their **immediate family member** remains away from their **home**.

The reimbursement of accommodation costs must be claimed within six weeks of the Child Cover Benefit being paid. We must receive evidence which is acceptable to us of the insured child's confinement to bed and of the payment of the accommodation costs.

This benefit is payable for a maximum of 30 days.

## 9.2 Child Cover built-in features

### 9.2.1 Continuation of Child Cover

If:

- the policy owner dies; or
- there is no cover, other than Child Cover, under the policy due to a claim being paid;

the insured child may choose to start a new policy, and become the policy owner, in order to continue the Child Cover if the child is aged 10 years or more. The consent of the insured child's parent or guardian is required if the insured child is aged between 10 and 16 years. If this option is exercised, we will allow the Child Cover to continue even if there is no other cover under this policy.

## 9.3 Child Cover exclusions

We will not pay any benefits under Child Cover for:

- anything we have specifically excluded from the cover, as shown on the Policy Schedule

- death or a trauma condition which arises as a result of:
  - an intentional act or omission of the insured child, the policy owner, a parent or guardian of the child, or someone who lives with or supervises the child; or
  - a congenital condition. A congenital condition is defined as any condition that is present at birth, as a result of either heredity or environmental influences.

## 9.4 When Child Cover ends

Child Cover for an insured child will end and our liability to pay any benefit under Child Cover will cease automatically on the earlier of the:

- policy anniversary when the insured child is age 21
- full payment of the Child Cover amount insured
- cover expiry date shown on the Policy Schedule
- date we receive written notification from you to cancel the cover
- date we cancel and/or avoid the cover in accordance with our legal rights
- date we cancel and/or avoid the policy because you have not paid the premium when due
- date of the insured child's death.

### 9.4.1 Conversion of Child Cover

Child Cover will cease on the policy anniversary when the insured child is age 21. At this time, we will give you the option of applying for Life Cover and optional Trauma Comprehensive for the insured child up to the amount insured under Child Cover immediately prior to it ceasing, without the need to provide medical or other evidence.

If Trauma Comprehensive is not available at the time of conversion, the new cover that will be provided will be the Life Cover and the Trauma Cover that we believe, at the time of conversion, is most like Trauma Comprehensive.

We must receive written acceptance from you of our offer within 30 days of our offer being made.

If you accept the offer under the conversion benefit within that time, the adult Trauma Cover in respect of the insured child will commence immediately after the Child Cover ceases.

You may choose to be issued with a new cover under your existing OneCare policy in respect of the insured child, or you may require us to issue a new policy (if the policy owner of the new policy is to be the insured child).

The premium for the new cover will be calculated based on the premium rates applying to Life Cover and Trauma Comprehensive Cover at the time you choose to exercise this option. We will apply any medical loadings or any loadings for hazardous pursuits that applied to the original Child Cover.

Any exclusions which applied to the original Child Cover will also apply to the new Life Cover and Trauma Cover.

We will not pay any benefits under the Extended Needle Stick Benefit:

- if it is a result of the life insured's intentional act or omission.

We will not pay any benefit under the Accidental Death Benefit:

- if, as a result of the life insured's intentional act or omission, the life insured dies during the first 13 months from the:
  - cover start date
  - date we increase this cover at the request of the policy owner (not including any indexation increases). The exclusion applies only to the amount of the increase to the cover

## 11.1 Indexation

**(Indexation applies to a cover only if it is shown in the Policy Schedule.)**

If indexation applies, at each policy anniversary the amount insured for Life Cover, TPD Cover, Trauma Cover, Child Cover and Extra Care Cover will automatically increase by the greater of:

- the 'indexation factor' (as defined in section 11.1.2)
- a percentage amount we choose to offer from time to time
- 5%.

If indexation applies to Trauma Cover, the same indexation will apply to the Complications of Pregnancy Benefit and the Congenital Abnormality Benefit under the Baby Care Option if it is shown on the Policy Schedule.

If indexation applies, at each policy anniversary the monthly amount insured for Income Secure Cover, Business Expense Cover and Living Expense Cover will automatically increase by the indexation factor. However, if the life insured is **on claim** or **totally disabled** on the policy anniversary, the monthly amount insured will not increase unless the Increasing Claim Option applies.

The amount insured will increase automatically at the policy anniversary unless you notify us in writing within 30 days of the policy anniversary that you wish the amount insured to remain at the existing level. This will not have any effect on any further offers we make for indexation.

If a TPD Superlink arrangement exists, any changes to the amount insured in one policy must also be applied to the other Linked Policy as the sum insured for TPD Cover in the two policies must always be the same amount.

### 11.1.1 When indexation ends

We will cease to offer indexation in respect of a cover under this policy on the earlier of:

- the cover expiry date
- for Life Cover, TPD Cover and Trauma Cover, when the Premium Freeze is exercised (see section 11.2)
- for Income Secure Cover Professional only, when the Premium Pause is exercised
- for Business Expense Cover, when the Premium Break is exercised.

### 11.1.2 Indexation factor

The 'indexation factor' is determined each year based on the percentage increase in the Consumer Price Index (CPI) (the weighted average of eight capital cities combined), as published by the Australian Bureau of Statistics (or its successor) for the 12 month period ending on 31 December each year. The indexation factor will be applied from 1 May in the following year.

If the CPI reduces over the relevant period, the indexation factor will be zero. Any subsequent increases in the CPI will first be offset against the previous reduction(s) in the CPI when we determine the next indexation factor.

If the CPI is not published, we will calculate the indexation factor from another retail price index which in our actuary's opinion is the closest to it.

## 11.2 Premium Freeze

**(Only available for Life Cover, TPD Cover and Trauma Cover and where the premium type is stepped premium.)**

Premium Freeze is activated for a cover if shown in the Policy Schedule.

If Premium Freeze is activated for a cover, at each policy anniversary date the:

- premium for the cover will be fixed at the same level that applied prior to the policy anniversary; and
- amount insured for the cover will be recalculated, such that the amount insured will generally reduce to an amount which can be purchased by the fixed premium based on the premium rates that apply at the time; and
- Policy Fee will continue to be adjusted each year by the indexation factor.

The following conditions apply to a cover while Premium Freeze is activated for that cover:

- The amount insured for the cover cannot be less than \$10,000 if the lump sum benefit payment type applies (or if an instalment benefit payment type applies, an **equivalent instalment amount**). If the amount insured reduces to \$10,000 (or if an instalment benefit payment type applies, an **equivalent instalment amount**) Premium Freeze will end, and we will recalculate the premium for the cover so that the amount insured does not reduce below this minimum level.
- Indexation and Future Insurability increases to the amount insured for the cover are not available while Premium Freeze is activated.

You may activate Premium Freeze for a cover by applying in writing to us within 30 days of the policy anniversary.

You may cancel Premium Freeze for a cover by applying in writing to us within 30 days of the policy anniversary, except when premiums for the cover are being waived under the Premium Waiver Disability Option. If Premium Freeze is cancelled, you may also apply to recommence indexation increases. The cancellation of Premium Freeze and the recommencement of indexation increases are subject to our approval.

Premium Freeze is not available to SuperLink arrangements.

# 12. Premium, charges and fees

## 12.1 About the premium

The premium for the policy includes the cost of cover selected for each life insured under the policy and any Policy Fees which apply. It also includes any government charges and administration charges.

The premium is calculated by us at the policy start date and at each policy anniversary. The premium payable for the first year of the policy will be shown on the Policy Schedule.

The minimum premium for each life insured (inclusive of the Policy Fee) is \$300 p.a.

The minimum premium includes premiums for Life Cover, TPD Cover, Trauma Cover, Income Secure Cover, Business Expense Cover, Living Expense Cover and Extra Care Cover. It does not apply to Child Cover.

The minimum annual premium for increases is \$150 p.a. for each life insured. This minimum does not apply to indexation increases.

## 12.2 Premium rates

We calculate the premium by reference to a table of premium rates for the covers (and any options) selected. A table of premium rates is available upon request. In setting the premium rates we take into consideration the risk group and the costs of setting up and administering the policy.

We may increase the premium rates at any time, but only after giving you 30 days notice of the change and only with effect from the policy anniversary after the change. Premium rates cannot increase for an individual policy within a defined risk group unless, on actuarial advice, all premium rates for all policies in that defined risk group are increased.

## 12.3 Premium types

The way we calculate the premium depends on the premium type you select. The premium type applying to each cover under this policy is shown on the Policy Schedule. The premium types are:

- **stepped premium** – the premium is re-calculated on each anniversary of your policy based on the life insured's age at that time. Premiums will also change when cover changes (including changes to the amount(s) insured and/or monthly amount(s) insured due to indexation).

- **level premium** – the premium is calculated on an age-based premium rate determined by the life insured's age as at the cover start date. This rate will apply until the policy anniversary when the life insured is age 65, unless premium rates are revised (see section 12.2). If any premiums are payable beyond this date the premiums will be calculated as a stepped premium.

If the amount(s) insured is increased due to indexation or other reasons, then the premium payable for the amount of the increase will be based on the life insured's age at the time of the increase and the level premium rate for that age.

If you wish to reduce the amount insured, we first reduce the latest issued level premium amount insured and/or monthly amount insured and premium, then reduce each previously issued level premium amount insured and/or monthly amount insured and premium.

All premium rates can be reviewed and are not guaranteed (see section 12.2).

## 12.4 Policy Fee

A Policy Fee is payable for each life insured under the policy and is shown on the Policy Schedule. The Policy Fee will be adjusted at 1 May each year by the indexation factor applying at that time and will take effect for this policy on the policy anniversary on or following the date of this change.

## 12.5 Government charges

We will pay any stamp duty, tax, excise or other charges of the Commonwealth, or of a State or Territory Government, which may apply to this policy. However, we reserve the right to recoup these charges through the premium, and the right to increase the premium to cover any increase in, or addition to, these charges.

## 12.6 Administration charges

We reserve the right to charge a fee to recoup the costs of administering any function required of us in respect of this policy, by any Commonwealth, State or Territory Government.

## 12.7 Payment of premium

Annual premiums for the policy must be paid by the policy anniversary date or the relevant premium instalment amount (if agreed by us) must be paid by the relevant instalment date. If a premium is not paid when due, we will cancel the policy 30 days after we give you notice of cancellation in writing.

Premium payments are to be made payable to OnePath Life.

Where there is more than one life insured or more than one type of cover under the policy, the premium payable is calculated in respect of each life insured and each type of cover. In order to pay the premium in full, all amounts must be paid for each life insured.

Premiums may be paid by instalments if agreed by us and by an approved payment method and will be subject to a payment frequency loading as determined by us from time to time. The frequency of payment of premiums will be shown on the Policy Schedule. We may increase or vary frequency loadings on instalment premiums at any time by prior written notice to you.

Where premiums are paid by monthly instalments and you cancel the policy, we will not refund any instalment paid. We will pay a pro rata refund where premiums are paid by annual or half yearly instalments and you cancel the policy before the next annual or half yearly instalment is due.

# 13. Claims and payments

If you are making a claim to receive benefits under this policy, you must provide the information required by us to establish the occurrence of the event giving rise to the claim. The payment of a benefit under this policy is also subject to proof of the policy owner's entitlement, including proof of the life insured's age in the form of a birth certificate.

If the life insured's age has been understated, the benefit(s) under the policy will be reduced to those that the premium paid would have purchased for the life insured's correct age. If it was overstated, we will refund the appropriate overpaid premium.

In the event of a claim, the policy owner must (at his or her expense) provide us with all the information and details that we may reasonably require to assess the claim. The life insured must undergo any medical examinations which we may require and which will be conducted at our expense, unless the costs can be recovered from another source.

All amounts payable under this policy shall be paid in Australian currency in Australia.

## 13.1 Claims for Income Secure Cover, Business Expense Cover and Living Expense Cover

In addition to the requirements listed above, the policy owner must:

- tell us in writing immediately if the life insured is **disabled** for more than seven days. We will then send the policy owner the necessary claim forms. These must be filled in and lodged within 30 days of the life insured's **illness** or **injury** happening
- give us full information if there is a claim. This includes any medical reports from people who have treated the life insured for the **illness** or **injury**
- ensure the life insured seeks regular medical advice and treatment from a **medical practitioner** for as long as the life insured is **on claim**. You must do this if we are to pay the benefit.

During the course of a claim we are entitled to ask for proof that the life insured is **disabled** and that you are still entitled to receive benefits. If proof is not provided or you are no longer entitled to benefits, we may reduce or cease paying benefits under the policy.

## 13.2 Taxes, duties or other government charges payable on the amounts insured

If we are required to pay any tax, duty or government charge or levy in respect of any payment to you or a nominated beneficiary under this policy, we may reduce the amount paid to you or the nominated beneficiary by the amount of the tax, duty or government charge or levy.

# 14. Special terms defined

In this section we define some words and expressions used throughout the Policy Terms. Trauma condition definitions can be found in section 15.

**Accidental death** means a visible and external event, which was unexpected and unintended, and which caused the **injury** and death of the person insured.

## Exclusions – events which are not accidents

For the purposes of this policy, the following situations are not accidents, and any claims arising from these situations are excluded where:

- one of the contributing causes of **injury** and death was any of the following conditions:
  - sickness
  - disease
  - allergy
  - any gradual onset of a physical or mental infirmity
- the **injury** and death, which was unintended and unexpected, was the result of an intentional act or omission
- the life insured was injured and died as a result of an activity in respect of which they assumed the risk or courted disaster, irrespective of whether he or she intended **injury** or death.

**Accidental total and permanent disablement** means the life insured's total and permanent disability is caused by an unforeseen, unintentional, violent and external event.

## Equivalent instalment amount

In these Policy Terms, wherever we refer to an 'equivalent instalment amount', we are referring to an amount calculated with reference to a lump sum amount by the following formula:

'Term' is the time period over which the instalment amount would be paid in the event of a claim under the cover to which the amount relates.

## Fixed term instalment benefit payment type

For a fixed term instalment benefit payment type, the term is the number of years as shown on the Policy Schedule. For example, if an instalment benefit payment type applies with a 10 year fixed term, the instalment amount equivalent to a lump sum amount insured of \$200,000 would be calculated as:

$$\frac{\$200,000}{10 \times 12} = \$1,667 \text{ per month}$$

**Home** means the life insured's principal place of residence.

**Hepatitis B or C (occupationally acquired)** means infection with Hepatitis B or C where the infection is acquired as a result of:

Hepatitis B or C infection transmitted by any other means including sexual activity or recreational intravenous drug use is excluded.

**HIV (occupationally acquired)** means infection with the Human Immunodeficiency Virus (HIV) where the virus was acquired as a result of an accident occurring during the course of the life insured's normal occupation and sero-conversion of the HIV infection must occur within six months of the accident.

HIV infection acquired by any other means including sexual activity or recreational intravenous drug use is excluded.

Any accident giving rise to a potential claim must:

- be reported to the relevant authority or employer within seven days of the accident; and
- be reported to us with proof of the accident within 30 days of the accident; and
- be supported by a negative HIV antibody test taken after the accident.

We must have open access to all blood samples and be able to obtain independent testing of such blood samples.

There will be no cover and no benefit payable if a medical 'cure' is found for AIDS or the effects of HIV, or a medical treatment is developed that results in the prevention of the occurrence of AIDS. 'Cure' means any Australian Government approved treatment, which renders HIV inactive and non-infectious.

**Needle stick injury** means that through an accidental **injury** with a needle stick or other sharp instrument used in the life insured's occupation an infection with Human Immunodeficiency Virus (HIV) is acquired by the life insured. The sero-conversion of the HIV infection must occur within six months of the accident.

Any accident giving rise to a potential claim must:

- be reported to the relevant authority or employer within seven days of the accident; and
- be reported to us with proof of the accident within 30 days of the accident; and
- be supported by a negative HIV antibody test taken after the accident.

We must have open access to all blood samples and be able to obtain results of independent testing of such blood samples.

There will be no cover and no benefit amount payable if any medical 'cure' is found for AIDS or the effects of HIV, or a medical treatment is developed that results in the prevention of the occurrence of AIDS.
